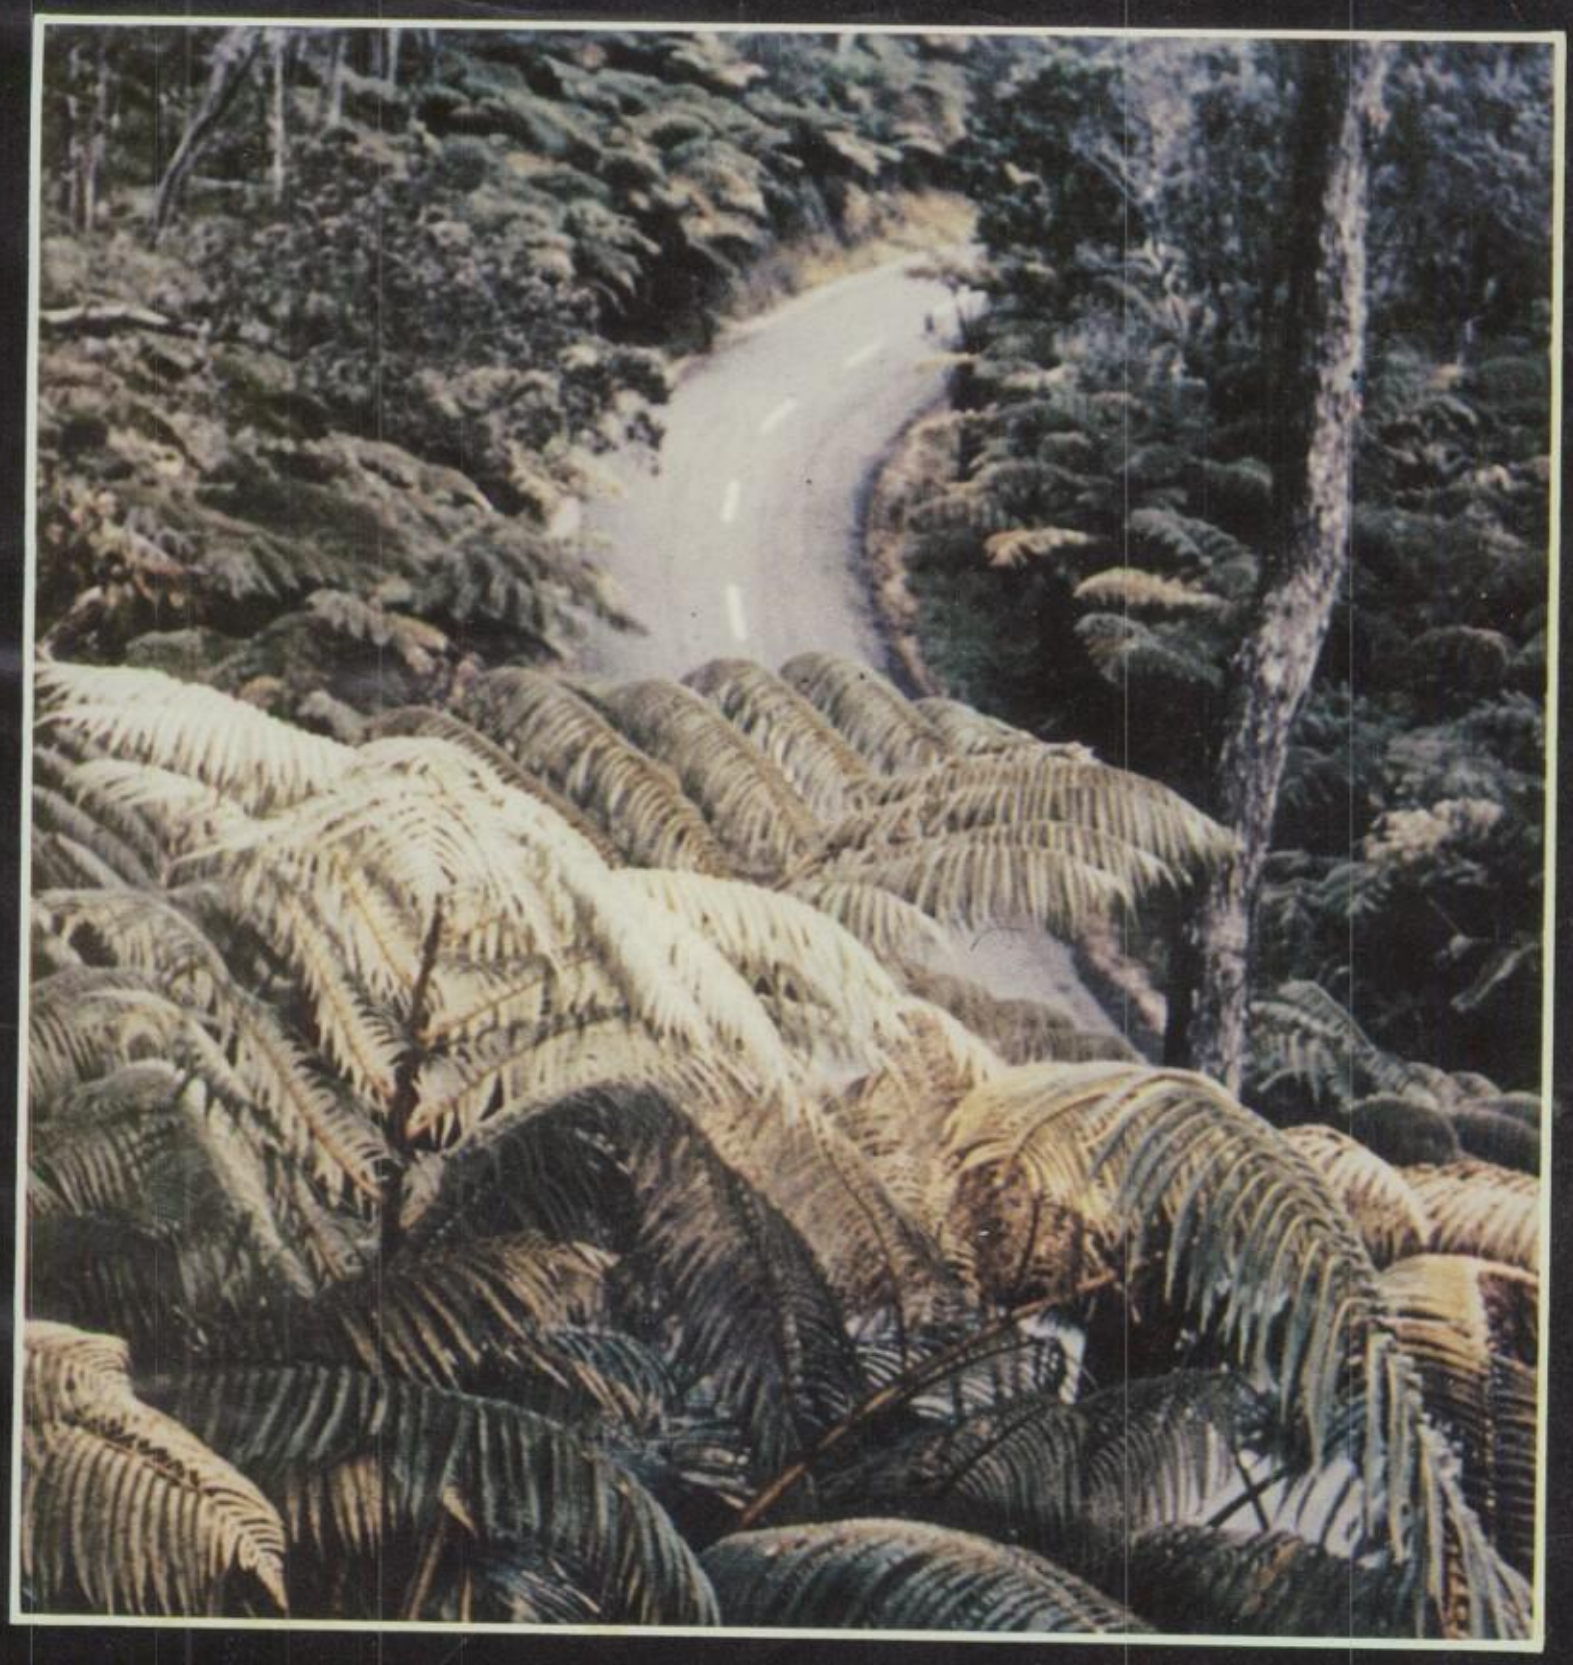
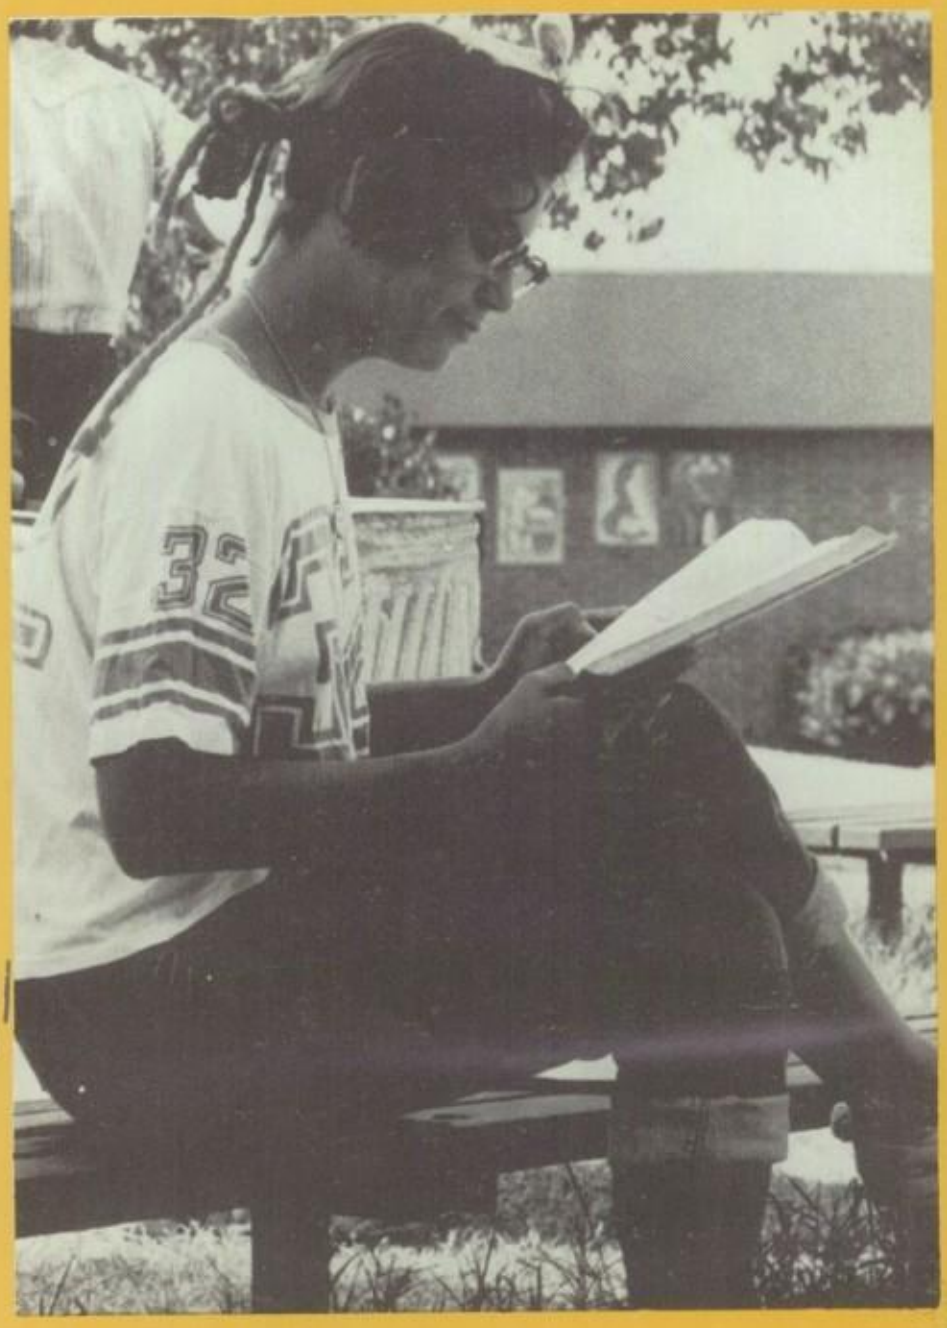
## Somewhere we've never travelled . . .



**Dastardly vandals** made short work of big Bob McKinley's favorite torture chamber, room 37.

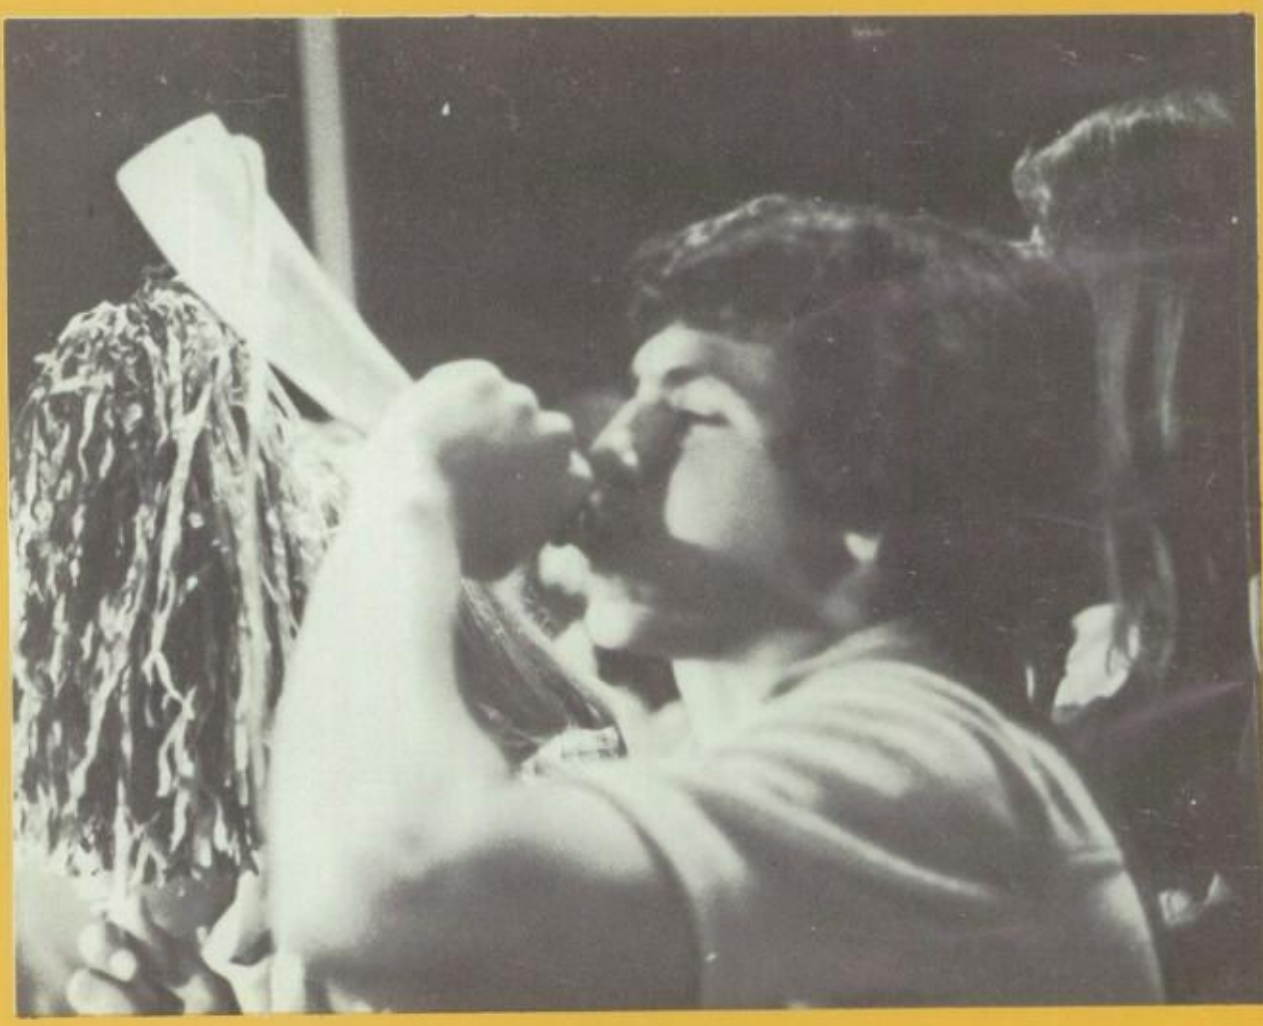
Martin well one more year - next year you had better go all new in wrestling or - you'll answer to me!!! Anyways, this year was fun and I hope you had a great Summer and I'll see you next year

Steve



**Mary Ellen Sacker** takes time out from a busy lunch schedule to catch up on her reading.

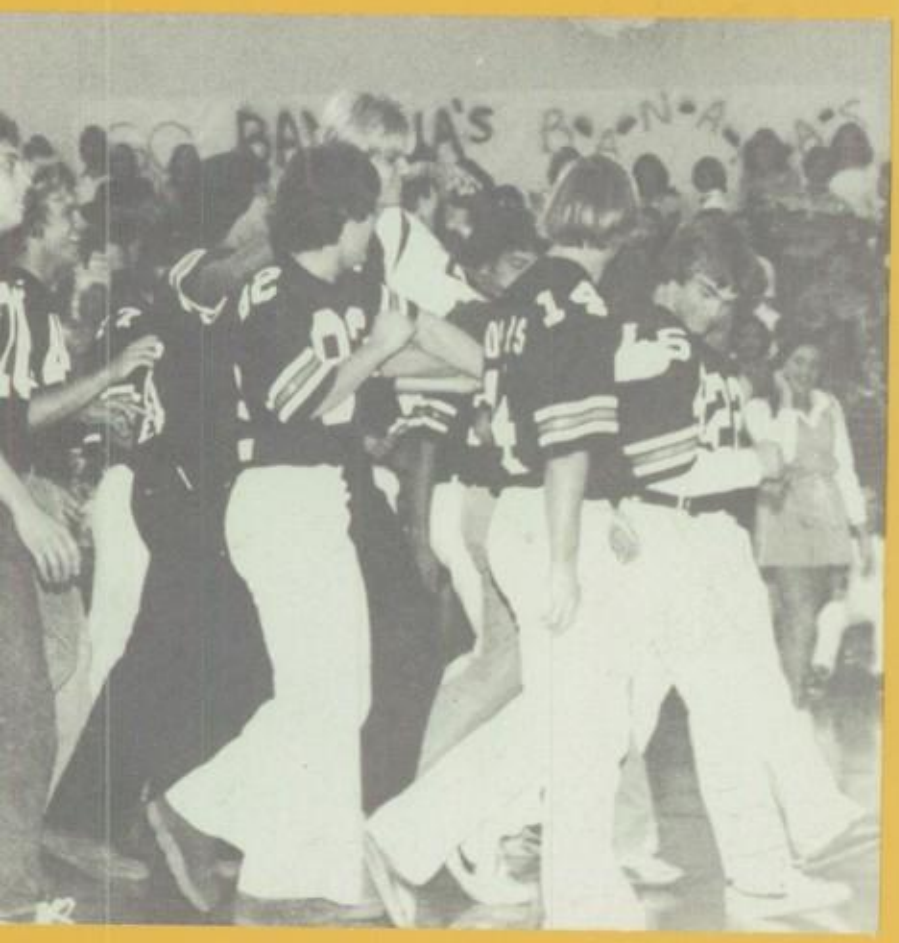
**Varsity cheerleader** Misty Markham solemnly searching for enlightenment and truth.



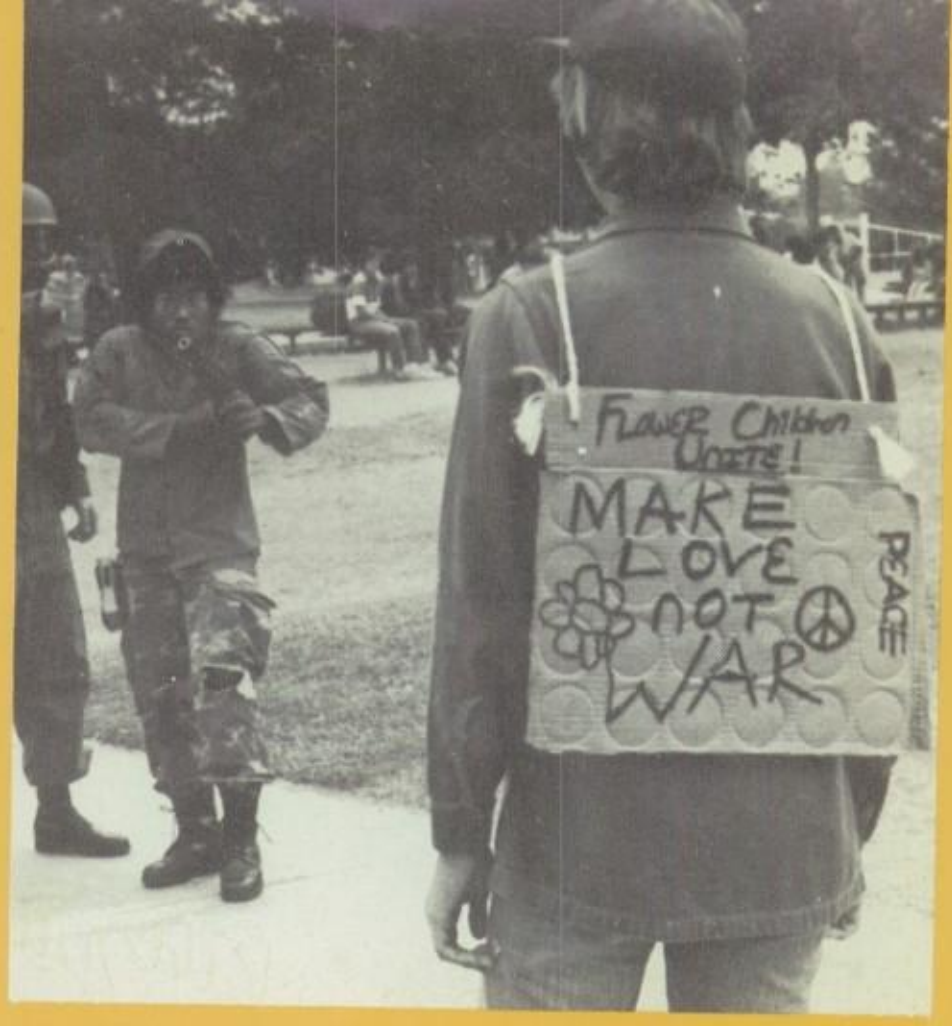
**Unbeknownest to Arnold,** John Saad juices up during a football game from his wine flask which is cleverly disguised as a horn.

**Susan Lannom, Sandy Freeth, Debbi Nelson and Lynn Rusnak** are ust some of the rowdies of the class of '80.

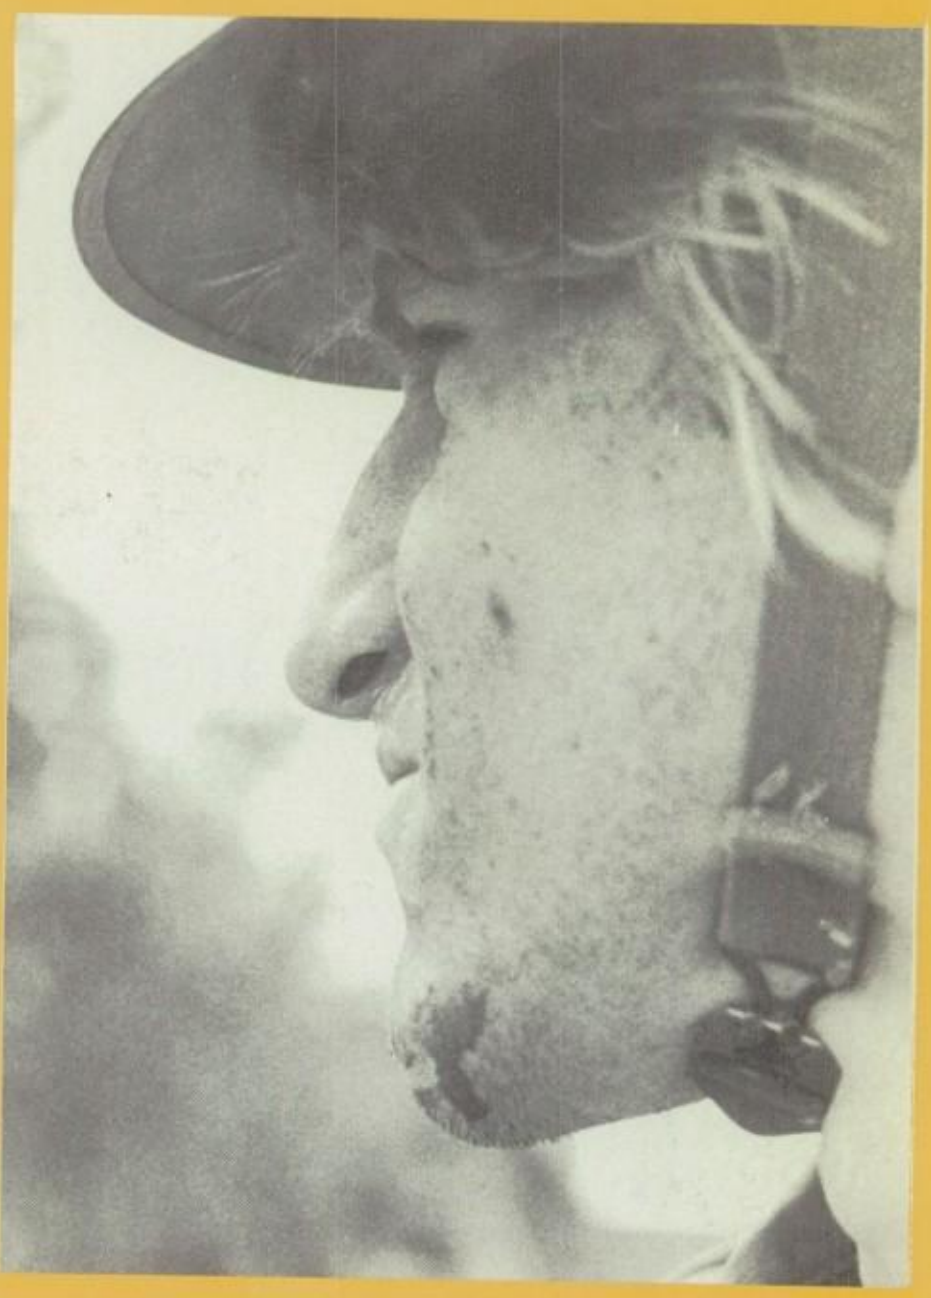
**Somewhere We've Never Travelled....**This has a different eaning for each and every one of us. For the class of '80 it could e the beginning of another school career by attending a four- ear or junior college. This, of course, includes the frightening rospect of becoming freshmen again. It could also mean nything from vocational school to just kicking back, taking a ear off, and seeing the country.



**The football team** returns to their seats in a pep rally after totally molishing the San Pasqual Eagles.

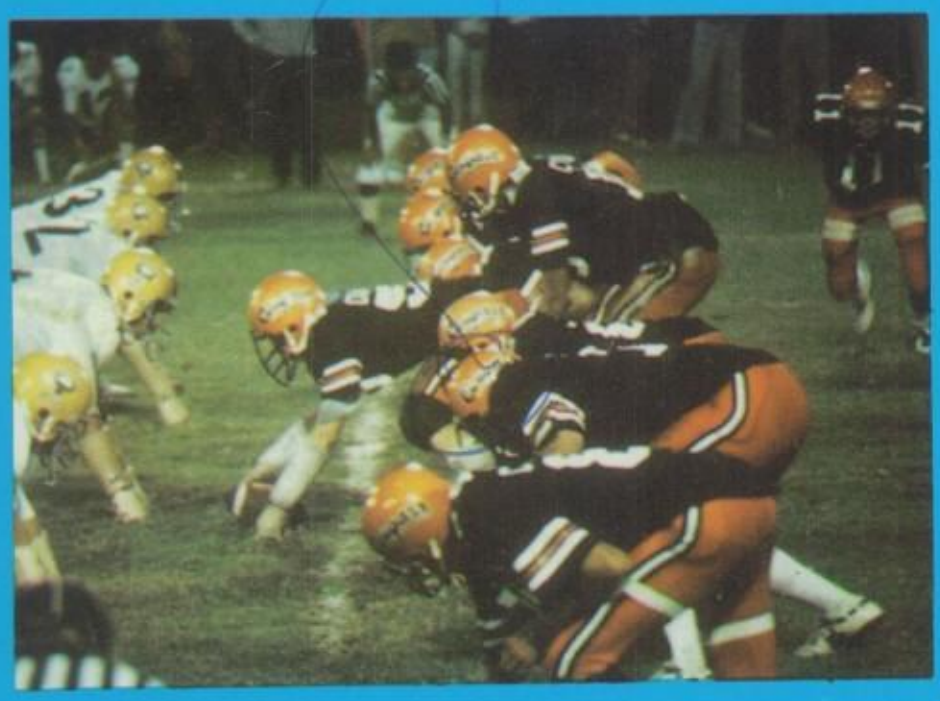


**A non-violent activist** unselfishly gives himself up for the cause of the war.



**Keith Good's war-torn face** peers wearily onto the battle-ridden EHS campus.

**Pete Rotner and Dave Ecklund** prepare to plant one right on the kissers of Marci Baker and Barri Gaudet.



**The Cougar offensive** squad faces off against cross-town rival San Pasqual.

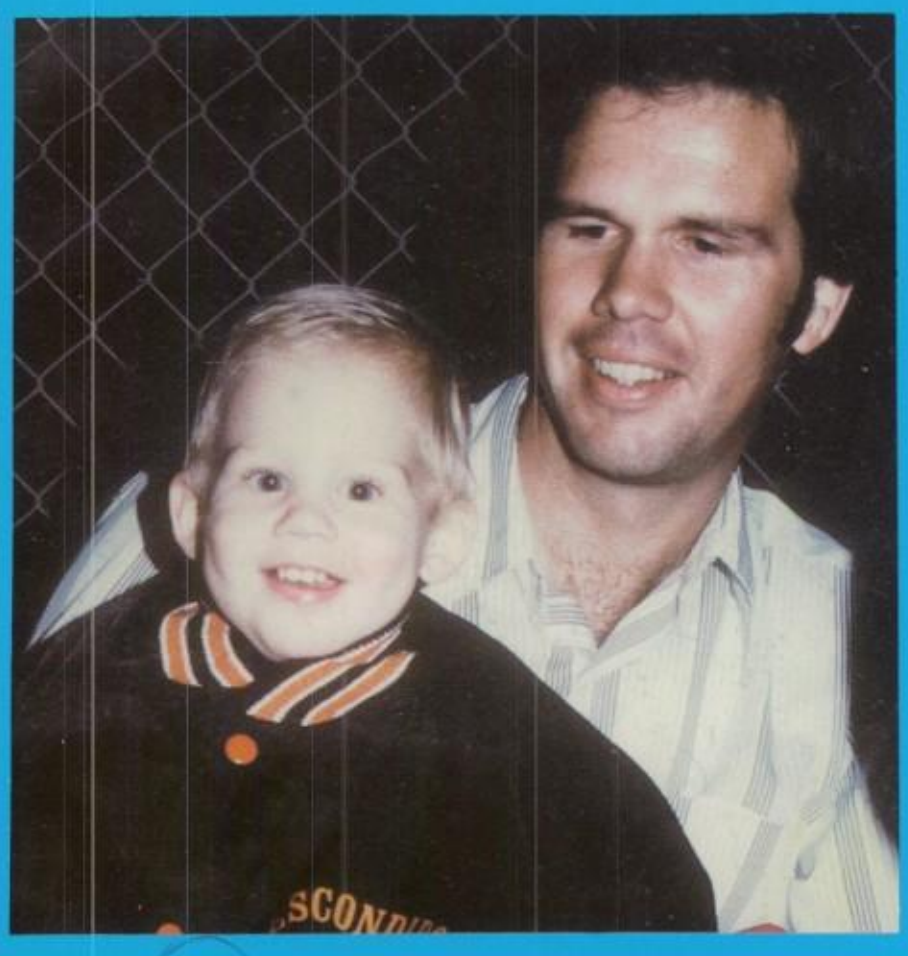
**Margret Rotner and Fred Lerma** engage in mental combat on the chessboard.

**An EHS trumpet player** struts his stuff at an EHS football (you bet) game.

**John Saad shows** off one of many inventions which he owns, this one entitled, Glider-a-la-Crash.

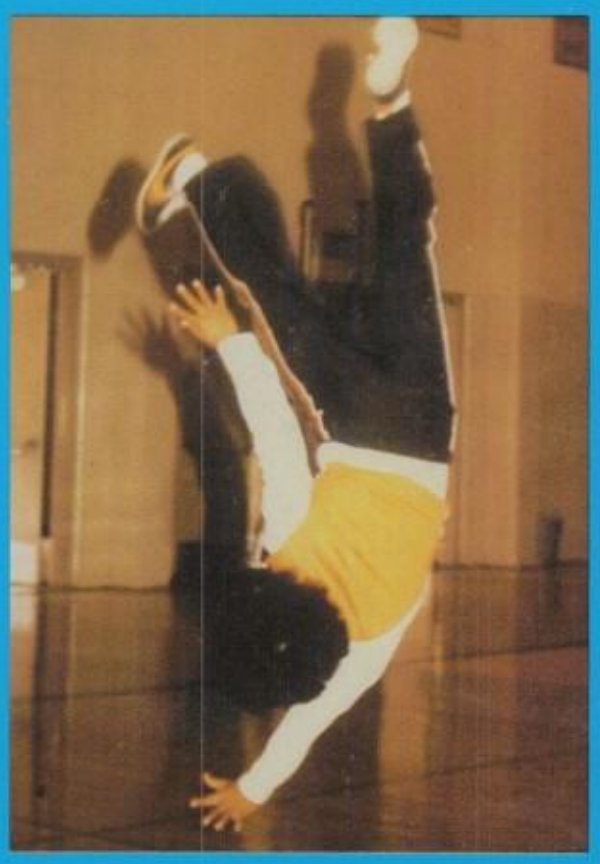
**Somewhere we've never travelled....**

For the class of '81 might be the unknown territory of being a senior. This includes the time-honored traditions like enforcing the Senior Lawn, being weird without an excuse, sitting in the middle of the gym during pep rallies, slam dunking underclassmen, firing up for tailgate parties, and seeing if somebody can finally hold up the letters that spell "SENIORS" in unison at pep rallies.

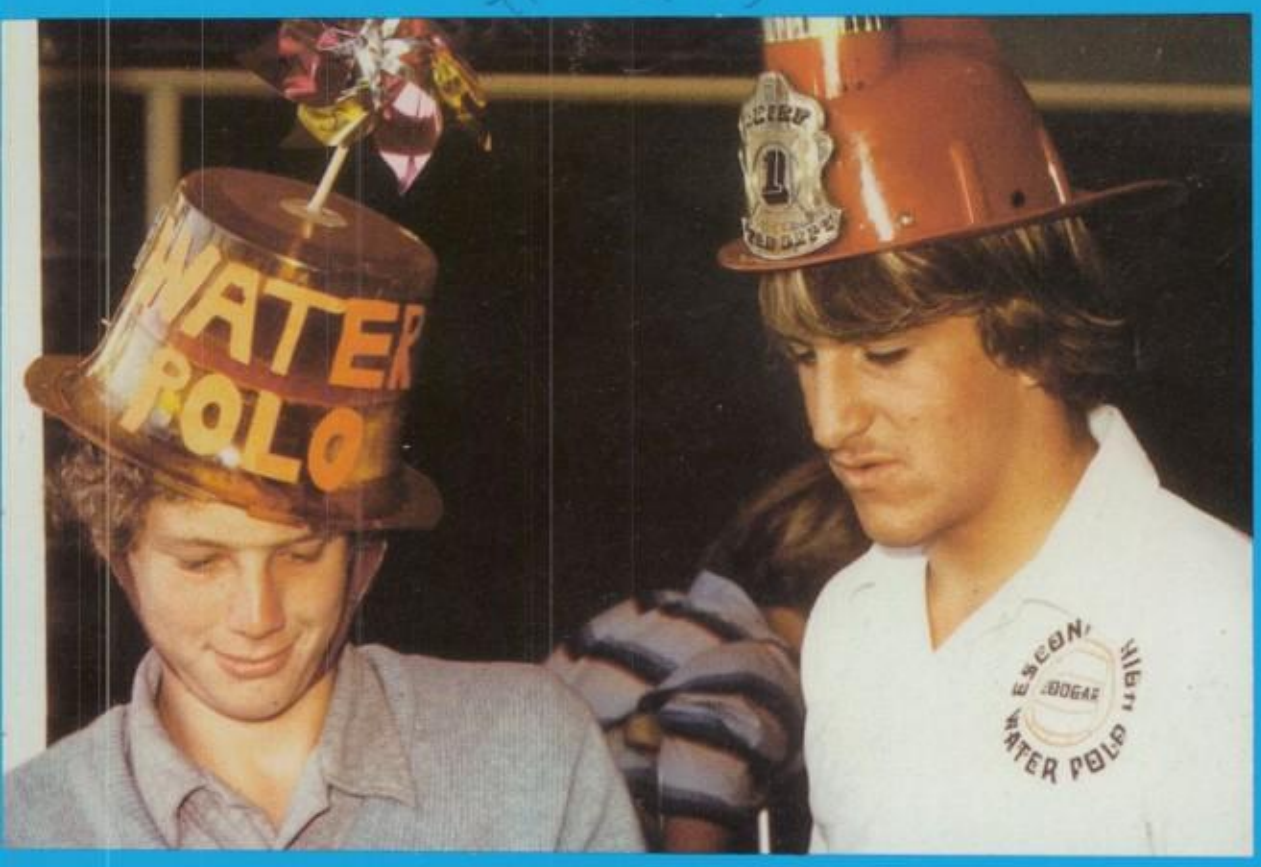


**Rob Knox shows** off a cute kid at a football game in hopes of making him a star.

**Stephani Photopoulos** tries to fend off Randy Machen's suprise hat snatching attack.

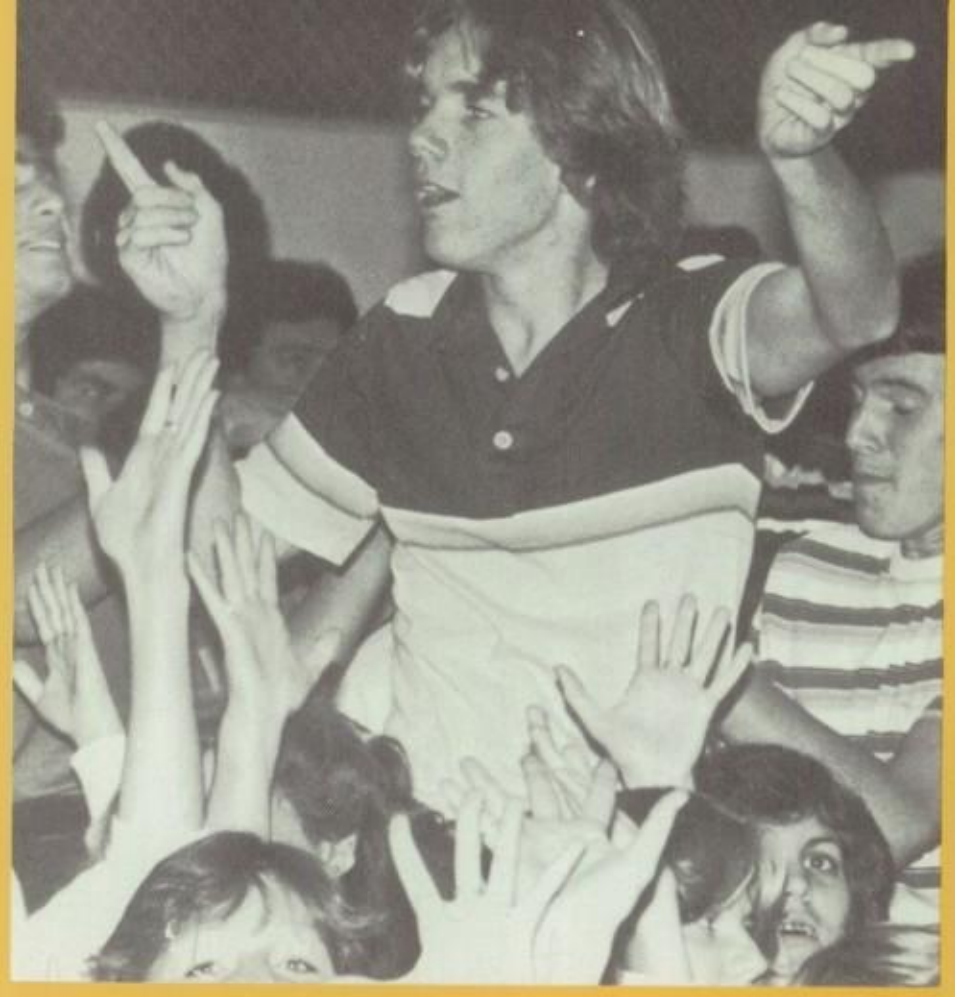


**Pastor "Pop up" Monticalvo** drives the pep rally crowd wild with pin point acrobatic routines.



**Photographers Dan Zatz and Keith Good** take a break from their rugged photography schedule to sport the latest EHS headwear.

**Ron Bradford kicks** another of his famed coffin corner punts.



**Rob Lamme tries** to point out his favorite cheerleader over the deafening roar of the awesome class of '81.

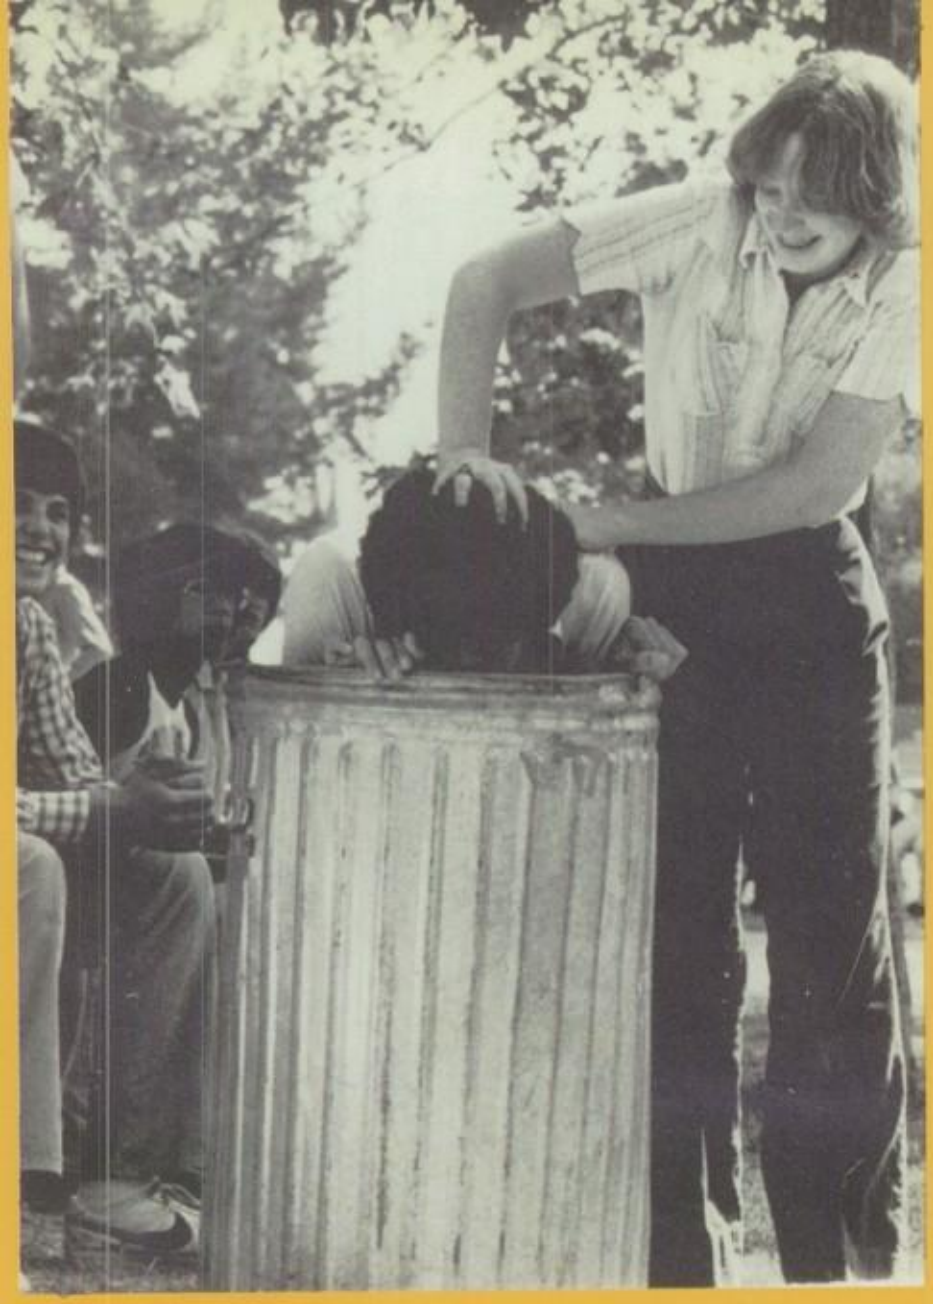
**Somewhere we've never travelled....**

could just mean escaping the underclass world for the class of '82. The first complete year of four-wheeled automotive transportation awaits them. That opens up the door for off-campus lunches and driving up to the greentop to show off the brand new car. Despite being small, the class of '82 demonstrated a lot of spirit and some very cute cheerleaders.

**Kelly Lawless smiles** pretty for another famous "Gong" close-up.

**Doug Paulson pounds** some propaganda into unwilling ears.

**Heather Machin,** JV cheerleader, uses vivid hand motions to fire up the crowd.

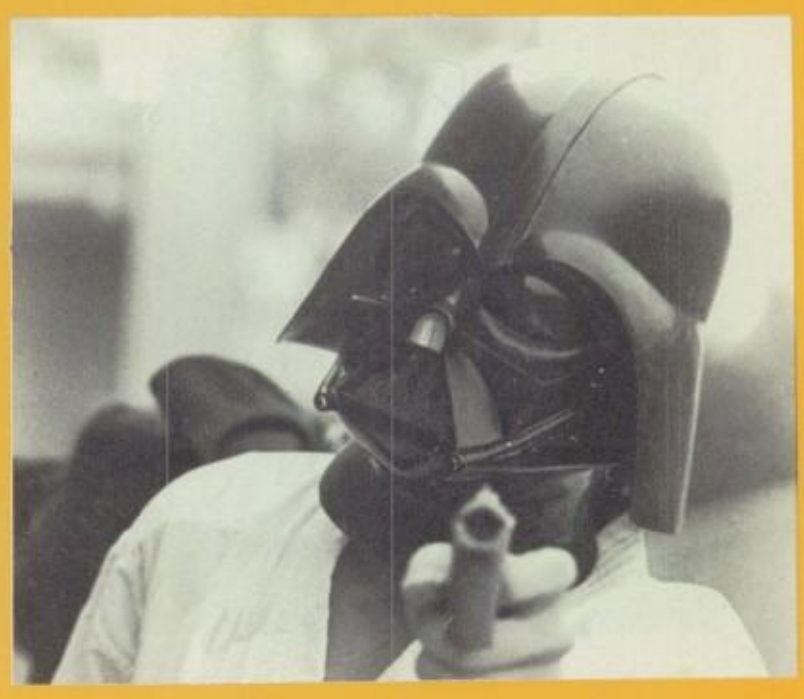


**Shoshana Zatz releases** some of her inner aggressions by slam-dunking Mark Lawson's face.

**Jamie Peters** just sitting around blowing his trombone.

**Pat Averbeck and Pam McFarland,** the model nerd couple, show off the latest in fashion.

**Various EHS cheerleaders** keep on their toes while performing another fun-filled skit.



**An unknown alien** caught an instant before he shoots the heck out of Dan Zatz and camera.

**Brian Walters blows** some notes into the pep rally festivities.

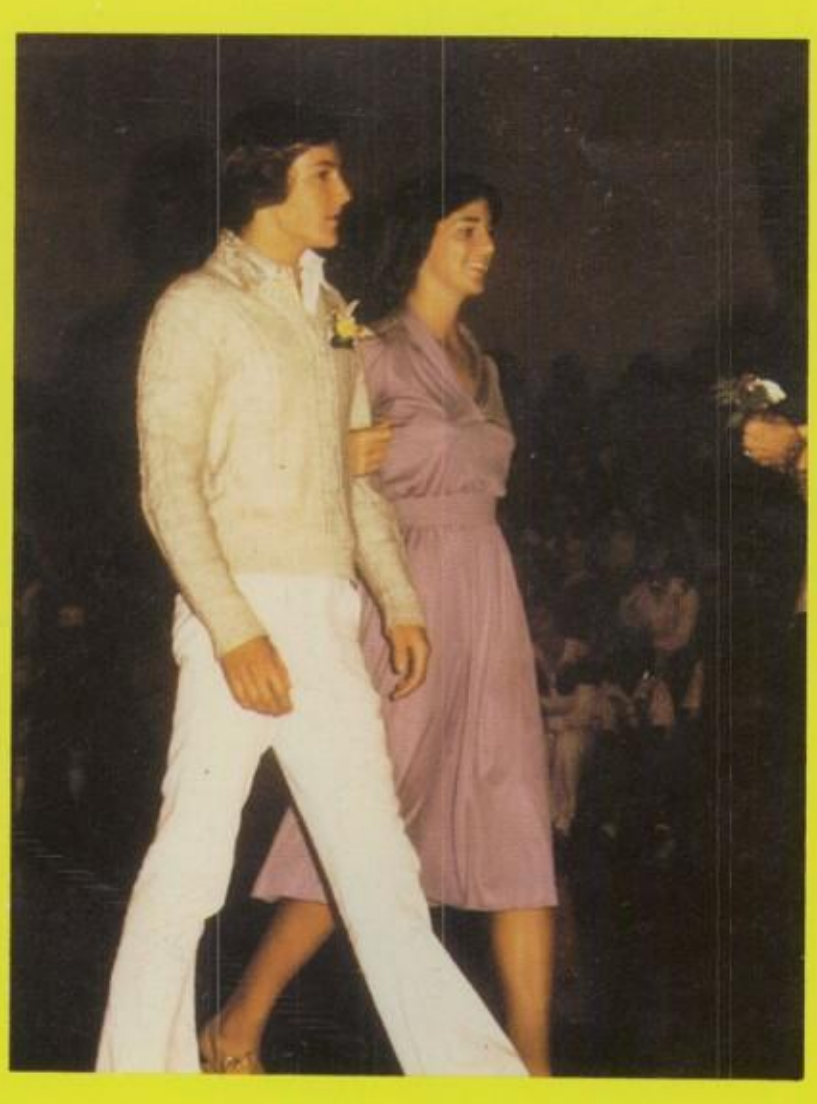
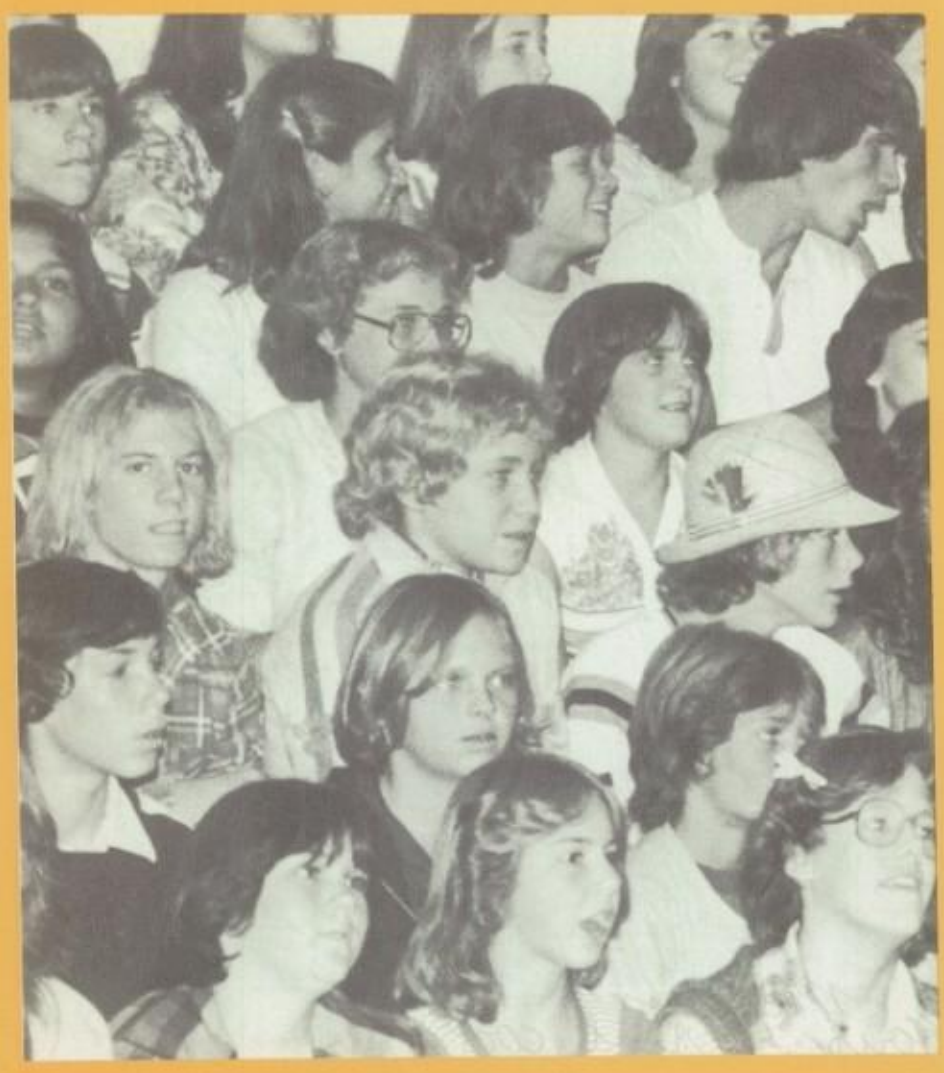
**Somewhere we've never travelled....**

eans escaping freshmenism for the class of '83. They will get to nderstand why freshmen are treated so badly when they help elcome in the class of '84. If the class of '83 can keep their loud ices and spirit, they should be in pretty good shape.

**The EHS Rowdy Rooters** urge their favorite football team on to other overwhelming victory.



**Brad Luskey and Colleen Prince** step forward to represent the junior class at the Homecoming ceremonies.



**The loud freshmen class** sits in a stupor as they try to decide what they are supposed to do.

This year took us up to **somewhere we've never travelled....** and gave everyone a lot of memories along the way. The memories would be listed here but it seems that no one can recall them. This is written with the assumption that nobody ever reads yearbook copy, so this can make as little sense as possible and no one will care. Oh yes, the year started with a less successful football campaign than last year, but other than a sopping wet homecoming, there were no complaints. The spirit, encouragement, and good times were all there during games and that's the whole point anyway.

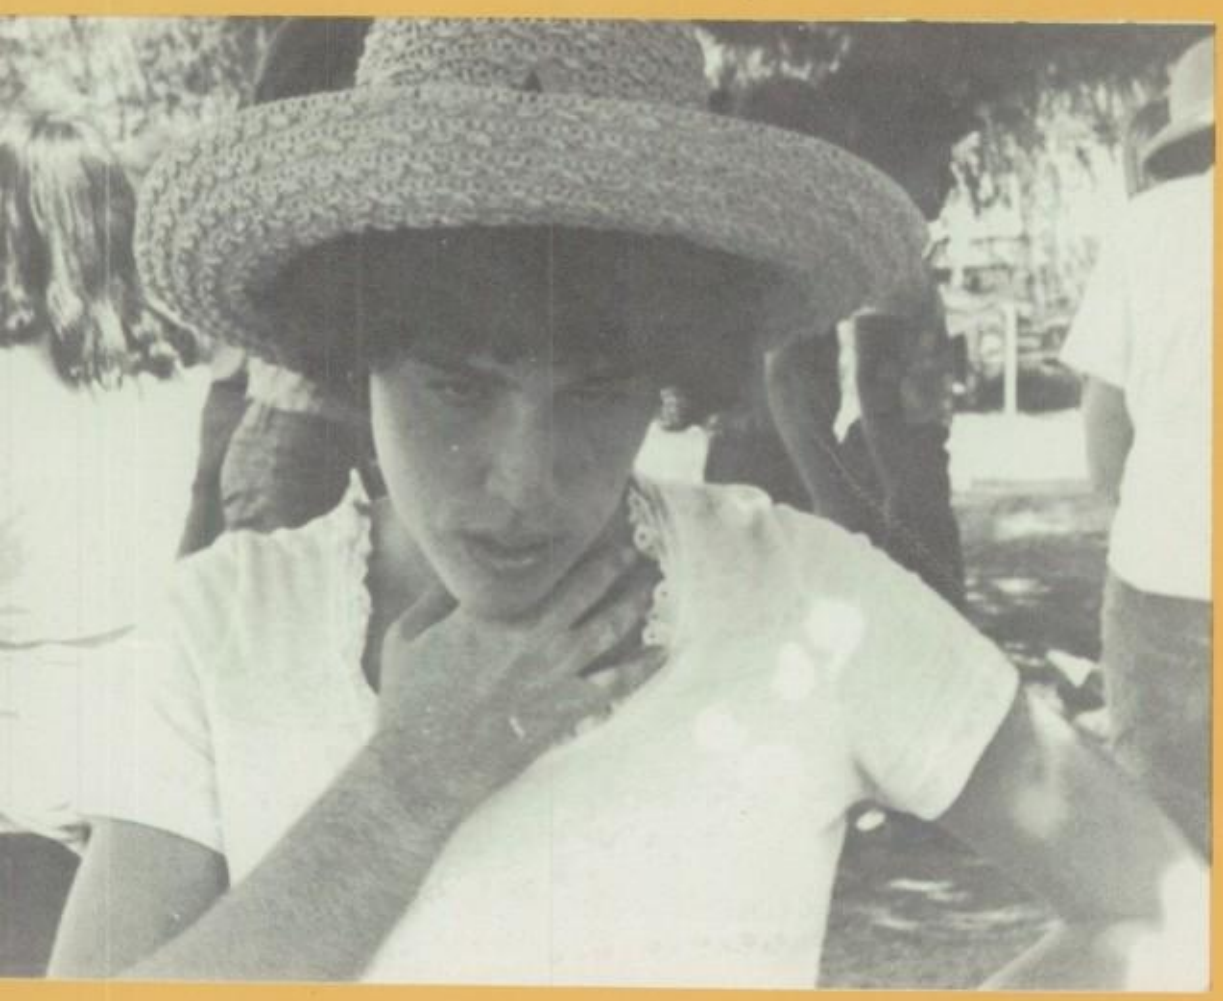
**An unidentified foot** curls its toes in glee at the arrival of its bran new class ring.

**Pauline Kim courageously** fights off the ferocious attack of a savage watermelon by smashing it to a pulp.

**Barri Gaudet prepares** for he lunchtime caped crusades.

**Dawn Bayes and Misty Markham** show the seniors how to get into the cheerleading kind of thing.

**Marci Baker and Pete Rotner** reveal, make known, uncover, unveil, bring to light and just basically show the serious side of Homecoming.

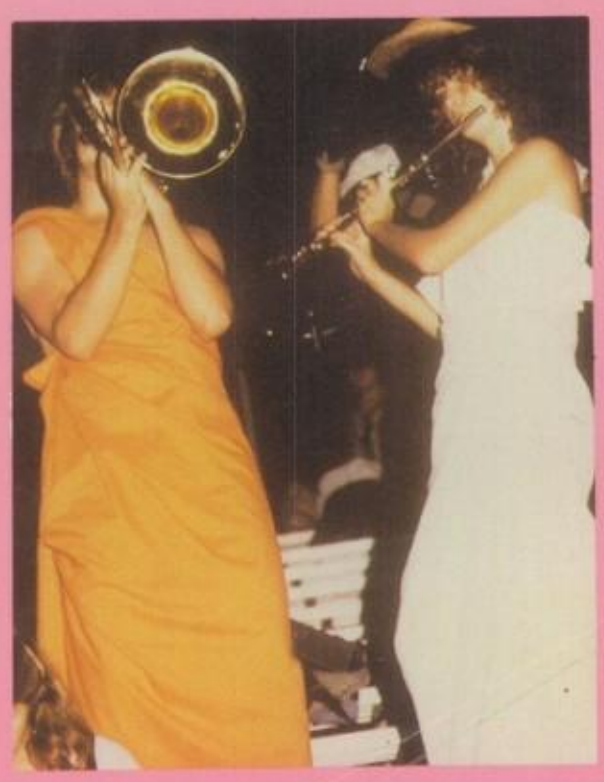


**Linda Kenyon enlightens** the students of EHS to the serious side effects of drugs.

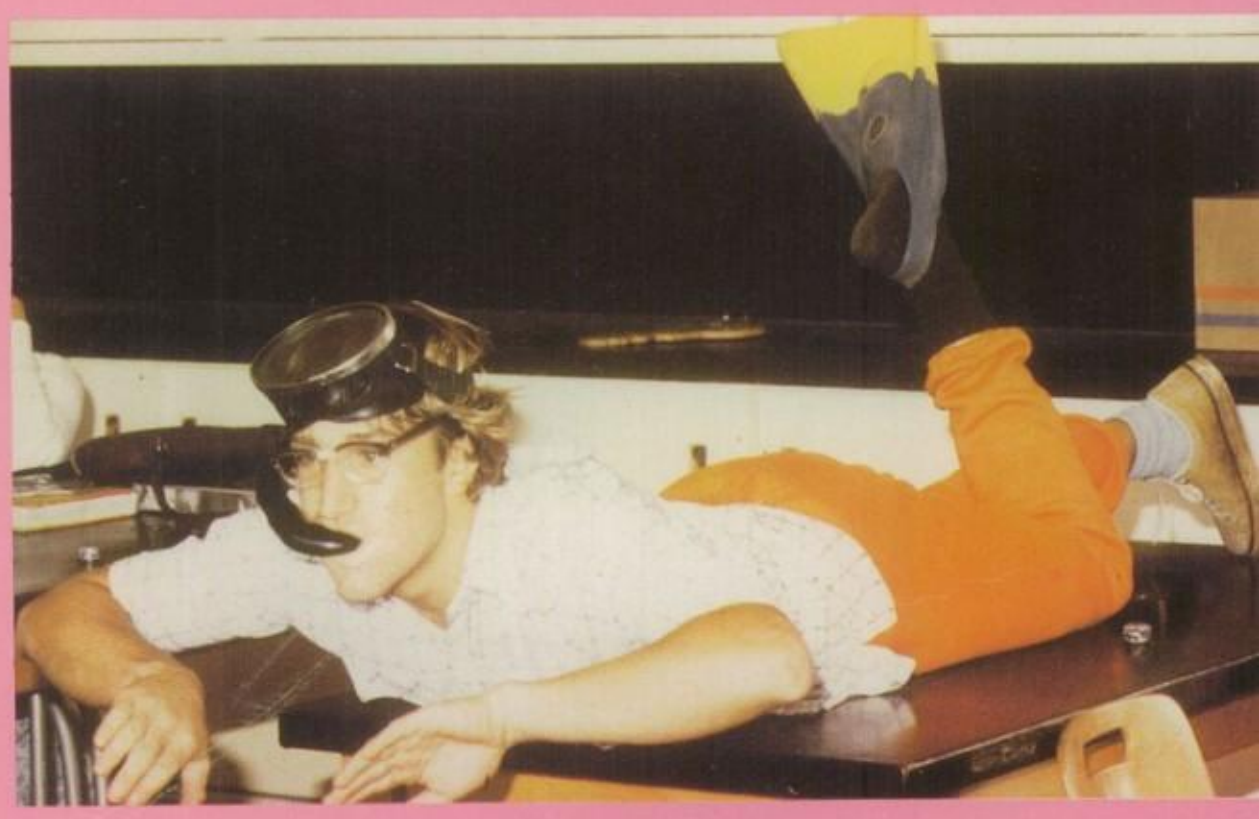
**Senior Lori Pyle** throws a devestating glance in the general direction of an EHS photographer.

**J.V. cheerleader Pam McFarland** demonstrates her amazing dexterity by holding up the roof of the gym while cheering at the same time.

**Steve Long drives** to the goal against an opposing player in one of many fantastic water polo matches this year.



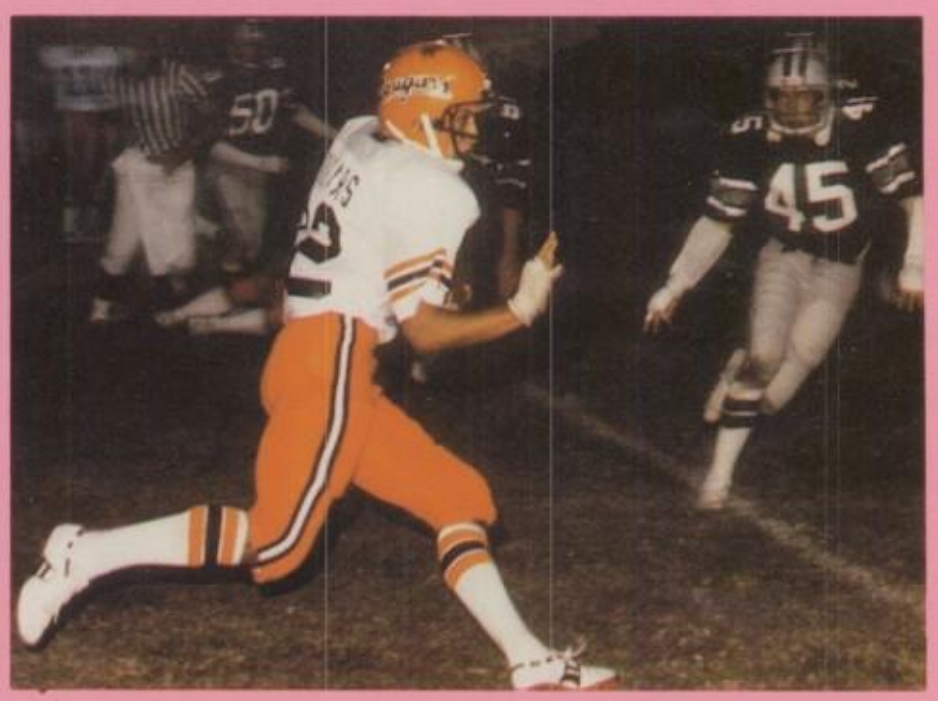
**Doug Hampshire and Ann Selwart** perform the "Toga Waltz" at the Cougar-Patriot game.



**Keith "Sea Hunt" Good** practices for an upcoming swim meet.

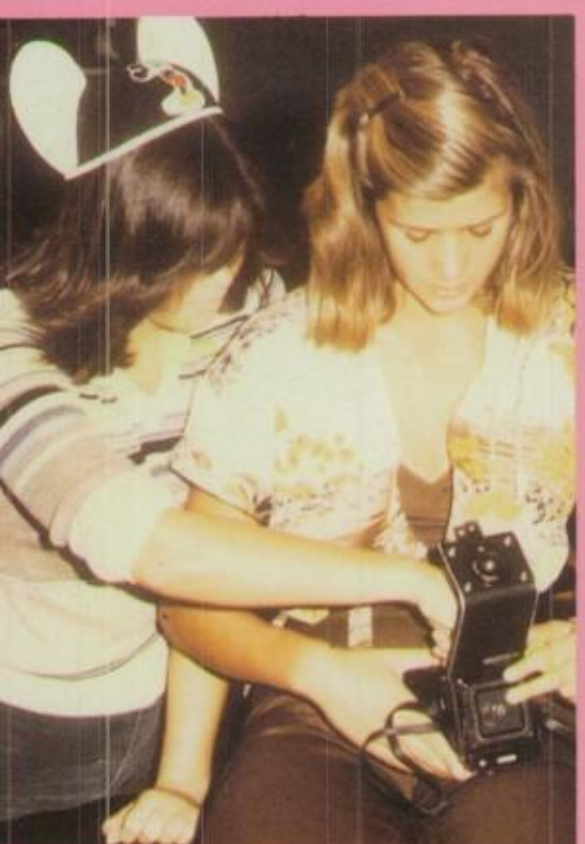
**The mighty class** of '80 shows the underclassmen who's really boss at EHS by telling the freshmen to either sit down, shut up, or get out.

**June Kostick,** varsity cheerleader and all-around nice kid, leads the already thunderous voices of the class of '81, meanwhile Carrie Wood punches furiously into thin air.



**Phil Rubio picks** up hundreds of thousands of yards against several San Marcos defenders.

Another write-in ASB cabinet took charge this year. They picked up on some of the good ideas from last year and were a visible force to all students.



**Susan Suchanek and Jennifer Powell** sit stunned as they discover that they have just exposed their entire roll of film.

**Two really neat nerds** try to look their best in hopes of picking up on another unsuspecting nerd.

**Celeste Menconi and Brenda Alsobrook** pause a moment to be immortalized forever through the magic of photography.

**Missy Milne and Lynnette Cooper** make their merry way to lunch with some very fine cafeteria food.

Lastly, and most important, was the friendship we all got from each other. Contrary to popular belief, classwork was not the reason that we came to school each day. The fact that our friends were all around us seemed to be able to pull us out of the worst mood and see us through any terrible crisis that we faced. Well, most of the time. Our friends gave us all our good times and memories that we have of the year. That friendship will stay with us as we prepare to go **somewhere we've never travelled....**

**Debbie Nelson** not doing anything that's even worth telling about.

**Bill Lawless, Chris Billie** and someone who obviously doesn't want to become a "Gong" celebrity, model their Hat Day headgear.

**Shoshana Zatz, Terri Barlow, Bill Lawless, and Martin Quiroz** consume processed weinerwurst in a bun.

**Chris Bille picks off** innocent greentoppers on a wild sniping spree during Spirit Week.

**Mike Allegre lies** in a comatose state after being trampled by a stampeding herd of freshmen.

**Brian Avery attempts** to advance in his scholastic achievements.

**Leslie Womack, Cindy Neiman, Pauline Kim, and Denise Landmier** instinctively react to a yell of "Camera!"

**Lynn Rusnak, Debbie Nelson, Joyce Delvecchio and Laurie Brandt** fire up for Homecoming carnation action.

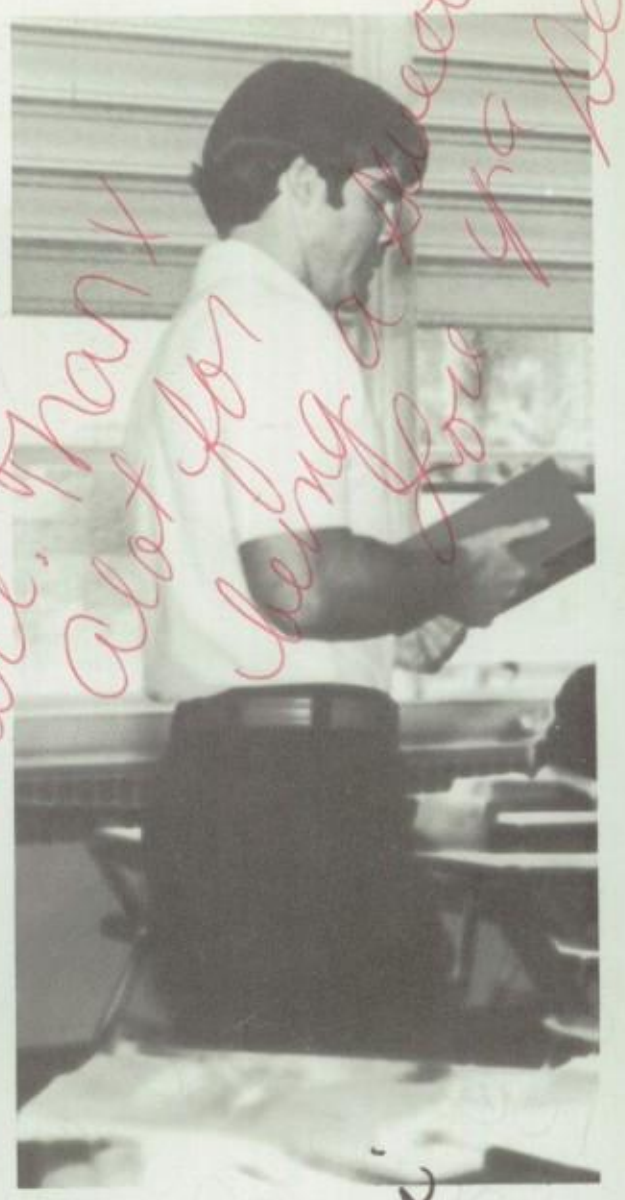
# English used in all classes

Students used every concept of the English language every day, whether it was in their writing or in their talking. This could explain why English was not only a required class for freshmen, sophomores and juniors, but also was taken by seniors who knew the importance of expanding their English knowledge.

Included were all the usuals, from studying literature to diagramming sentences.



**Dave O'Connor** practices reading with his eyes closed.

**Pam Crnkovic** hurriedly completes an assignment in her English class.

**Mike Busch**

**Pat Albergo**

**Javier Aviles**

**Norm Barnhard**

**Paul Barrios**

**Janet Pirlet** gives us a quick glance at the picture of her long time hero, Trent Rivera.

**A class of useless** freshmen sitting around, writing on desks, reading, talking and making silly faces.

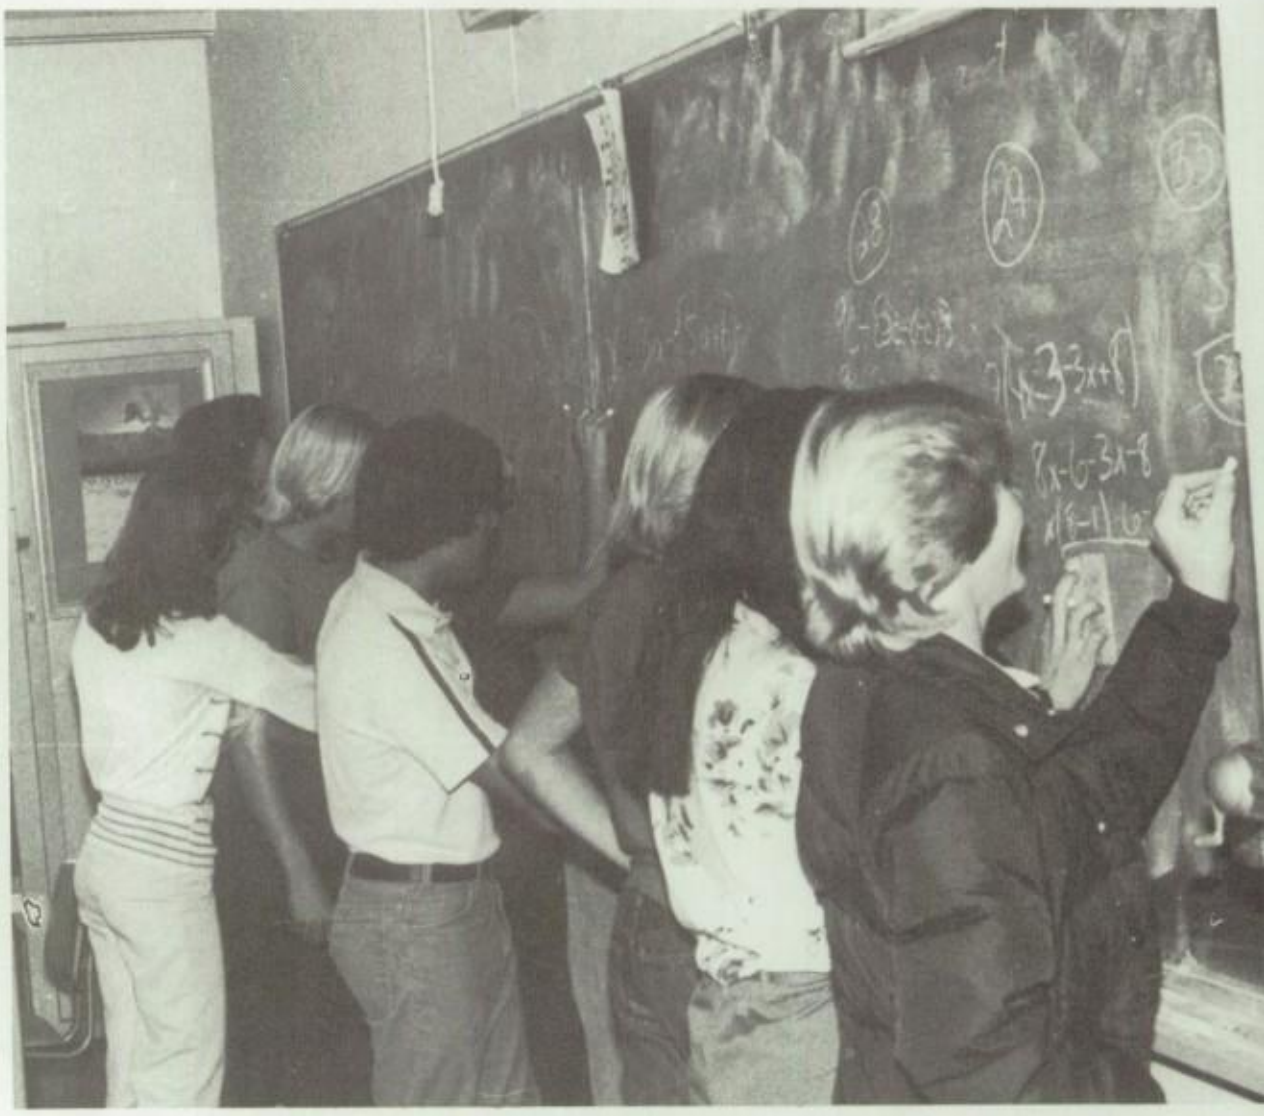
# Call it what you will, it's still mathematics

Call it enumeration, summation, computation or calculation, but it was still math. And math is adding, subtracting, multiplying and dividing.

**Don Eberl** is obviously bored sick at Dick Nation's explanation of mathematical philosophy.

**Look's like** Pat's given' an algebra test.



**Seven students** combine their knowledge to tackle one hard math problem.

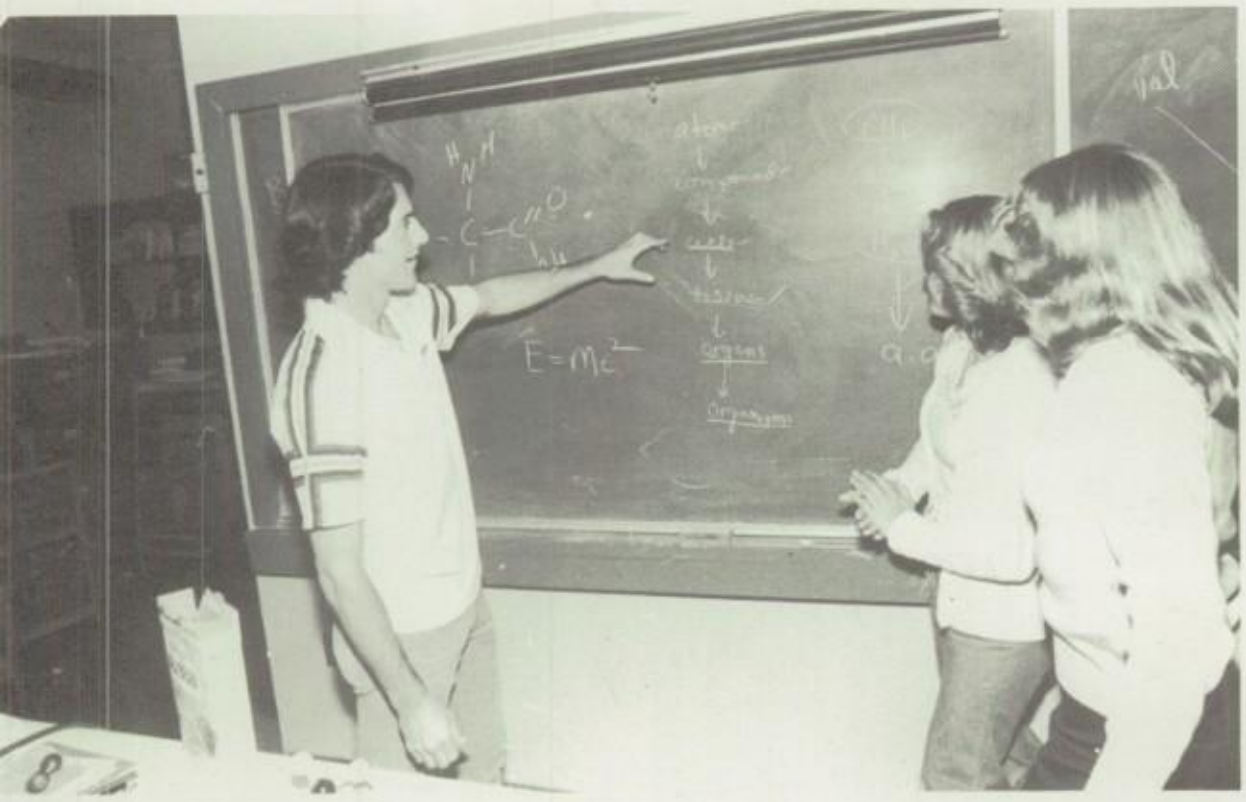
# Frogs hacked, worms sliced

In less advanced classes students did labs and learned the basics about human and animal life cycles.

While some advanced students experimented with bacteria on petri plates, creating little baby mutants, others went on various field trips with Dale Cornelius, teacher, to his house and to visit UCSD. Learning various facts on molecules and other abundant sources in biology, the students showed interest.

**David Dattage** performs an autopsy on an unsuspecting worm while his intern looks on.



**Dale Cornelius** explains how atoms relate to compounds and cells, tissues, organs and organisms.

**John Shirley** does with frogs whatever it is you do with frogs.

# The Question

Although students were urged to learn the answers to such questions as: "Who started the French and Indian War," and, "Who was the 19th President?" It seems: "What kind of icing is on buttermilk donuts?" was just a bit more popular.

**Martha Jones** is doing her silly history lesson in her silly history class.

McKinley pronounces the death penalty as Jim Price pleads for mercy.

**Alan Palmer** writing, studying and just being a good student.

**Dick Harvey**

**Bill Highland**

**Isabel Hines**

**Chuck Huggins**

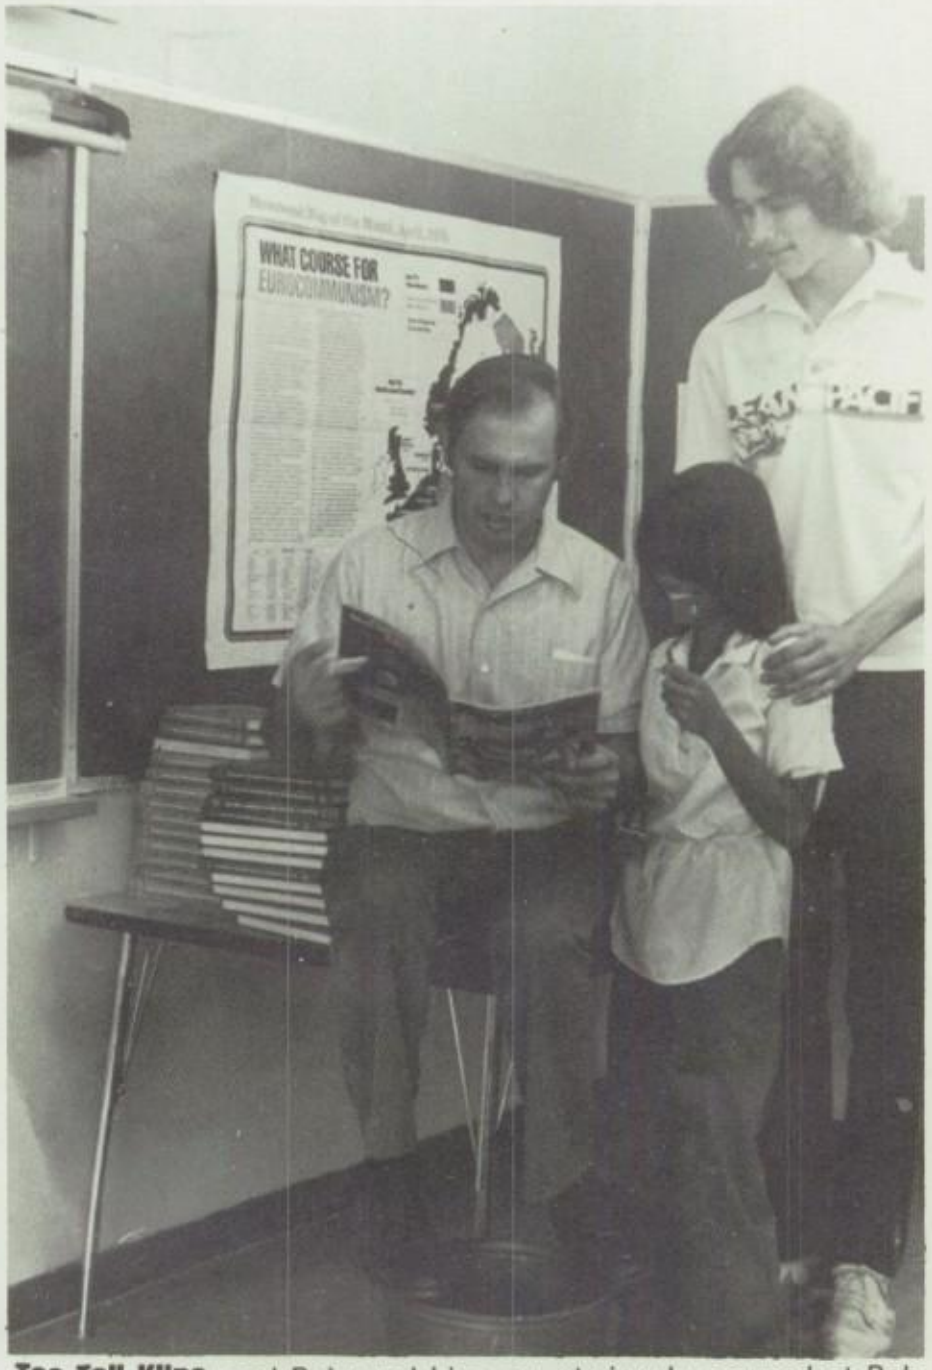
**Len Johnson**

# Foreign affairs used as contemporary example

The Iranian crisis, troubles in Afganistan and other complicated foreign affairs, gave civics teachers the perfect opportunity to use current events as examples of contemperary problems.

**Todd Perry,** doing some last-minute work, while Norm Barnhard does the same in the distance.

**Theron Preston** is open to suggestions from anyone at anytime.



**Too Tall Kline,** and Ruby red Lips are obviously amused at Bob McKinley's scholastic instructions.

**Bob Johnson**

**Dan Jupp**

**Rob Knox**

**Bill Kutzner**

**Al Krasic**

# P.E. gives students break

If nothing else, P.E. seemed to give students a time to break free from the usual classroom atmosphere, even if only for a short time. They had a chance to do the things they really liked, whether it was racquetball, football, or just generally working out with their friends.

**A bunch of people** pound the turf while stretching their hams and flexing their quadricepts.

The Quill and Scroll Club sponsored the First Annual Cougar Short Story contest in which Craig Hall walked away with a $25 first prize.

News stands donated by the Times-Advocate also aided in a wider circulation of the paper.

# No 2 ways about it, Gong is awesome

Trent Rivera and David Morton joined as co-editors to direct The Gong staff. Each had equal say, although sometimes one spoke louder than the other.

**Trent and David** seem to be hatin' it as Michael reviews Gong progress.

**Wally Gray,** adviser, does his imitation of a teacher instructing his class.

But for their more local presentations they entertained the patrons during halftime at football games.

# Stage Band undoubtedly active

EHS Stageband traveled to places where they were known as the most jazziest band of any high school. They traveled to Reno and to the greatest event, the Clipper-Sonic basketball game where they did the halftime show. This summer they have been invited to perform in the Bahamas where they will perform with great enthusiasm.

# Art Provokes creativity

Developing creativity and understanding of specific art forms was possible one of the main goals in the art classes. Though its eems one of the more exciting events was when room A-3 of the art wing burnt to a tender crisp crackely crunch.

Some changes were made, however: the vendors lost much of their popularity when they ceased serving hot food items.

ASB continued the Student Tutoring Program giving students an opportunity to receive academic help or to earn money by tutoring others.

# Students escape

Students found many ways to get away from it all. Seeking escape through friends, reading, singing, playing hopscotch, having meaninful conversations, dreaming of far-away places, and talking about the draft were some of the pasttimes which occupied people's spare time.

"We know that students like food. A good way to get through to them is to give them what they like," explained ASB vice president Shoshana Zatz. "And that's exactly what ASB did this year."

**Dave Turner** likes ASB food.

# Students eat it up!

Tailgate parties preceded each home football game. Free hot dogs and drinks were provided to ASB card holders. The school-wide Thanksgiving potluck was held on the football field and was open only to students who brought food.

The watermelon feed was combined with a watermelon demolition in which watermelons were viciously hacked to pieces with golf clubs for class competition.

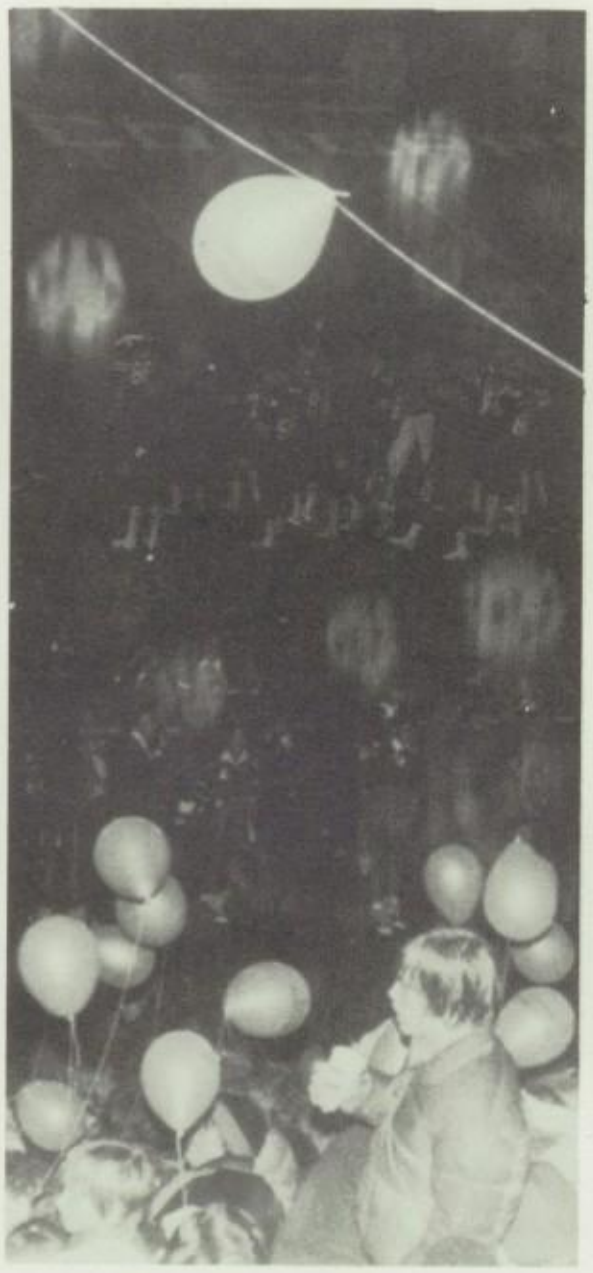
**Janet Pirlet:** avid athletic booster.



**Balloons cheer up** a drenched crowd.

Pep rallies got more publicity than usual this year because of the controversy surrounding them. Many students felt that football received more attention than other sports and that this was not fair to the less publicized sports. However, pep rallies went on as scheduled and there were more this year than in past years.

Pep rallies provided students with the opportunity to fire up for the football games through class competition and general rowdiness.

"We tried to add some original days this year to get people more fired-up. We felt that everyone who participated had a lot of fun," said varisty mascot Dawn Bayes.

# Rain doesn't hamper homecoming

The 17-7 Cougar victory over the visiting El Camino Wildcats proved to be the highlight of this year's Homecoming game. Although the game was hampered by the annual rain that seems to visit us every Homecoming, the crowd's spirits were never dampened and the halftime festivities went on as scheduled. The Homecoming Court was driven atop sportscars in their traditional parade around Memorial Field. The Homecoming royalty was ruled by Pete Rotner and Marci Baker, senior king and queen, and included:

Dave Ecklund and Barri Gaudet, senior prince and princess; Brad Luskey and Colleen Prince, junior prince and princess; Richie Cherkin and Sandy Rhinehart, sophomore prince and princess; and Eric Garcia and Veronica Sanchez, freshman prince and princess.

A grand finale of fireworks produced ooh's and ah's from the awestruck crowd. Alumni cheerleaders and specitators added to the festivities and despite the ill-timed rain, the 1979-1980 Homecoming game was a success.

**Barbara Hoterhaus** and Janice Peterso seek shelter in each other's arms.

# Varsity Cheerleading

The 1979-80 varsity cheerleading squad showed its spirit in many ways besides cheering at the games. Painting signs, baking just incredible amounts of food for team members and waiting on hunger-ravaged football players were just some of the activities the varsity cheerleading squad accomplished.

# J.V. shows promise

The 1979-80 junior varsity cheerleading squad worked very well together and proved to be an above-average squad. The members of the group included Toni Juarez, Kim Burrows, Maggie Cruz, Ardith Copeland, Pam McFarland, Heather Machin and mascot Patty Attott. The J.V. cheerleaders joined the varsity squad in arranging school activities and also catered to their own J.V. teams.

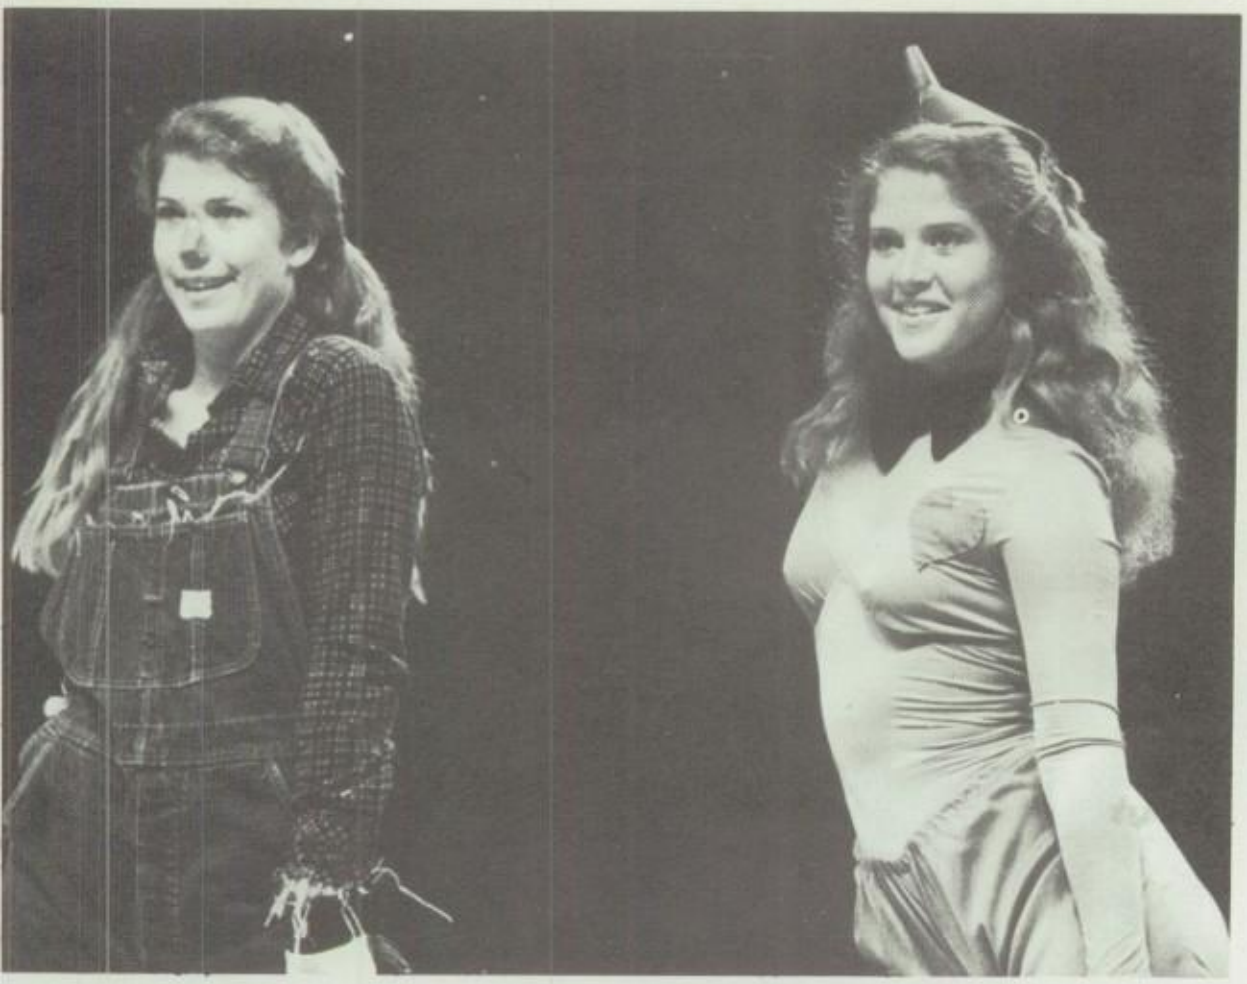
**Pam McFarland** and Ardith Copeland jump for joy at another touchdown in the Homecoming game.

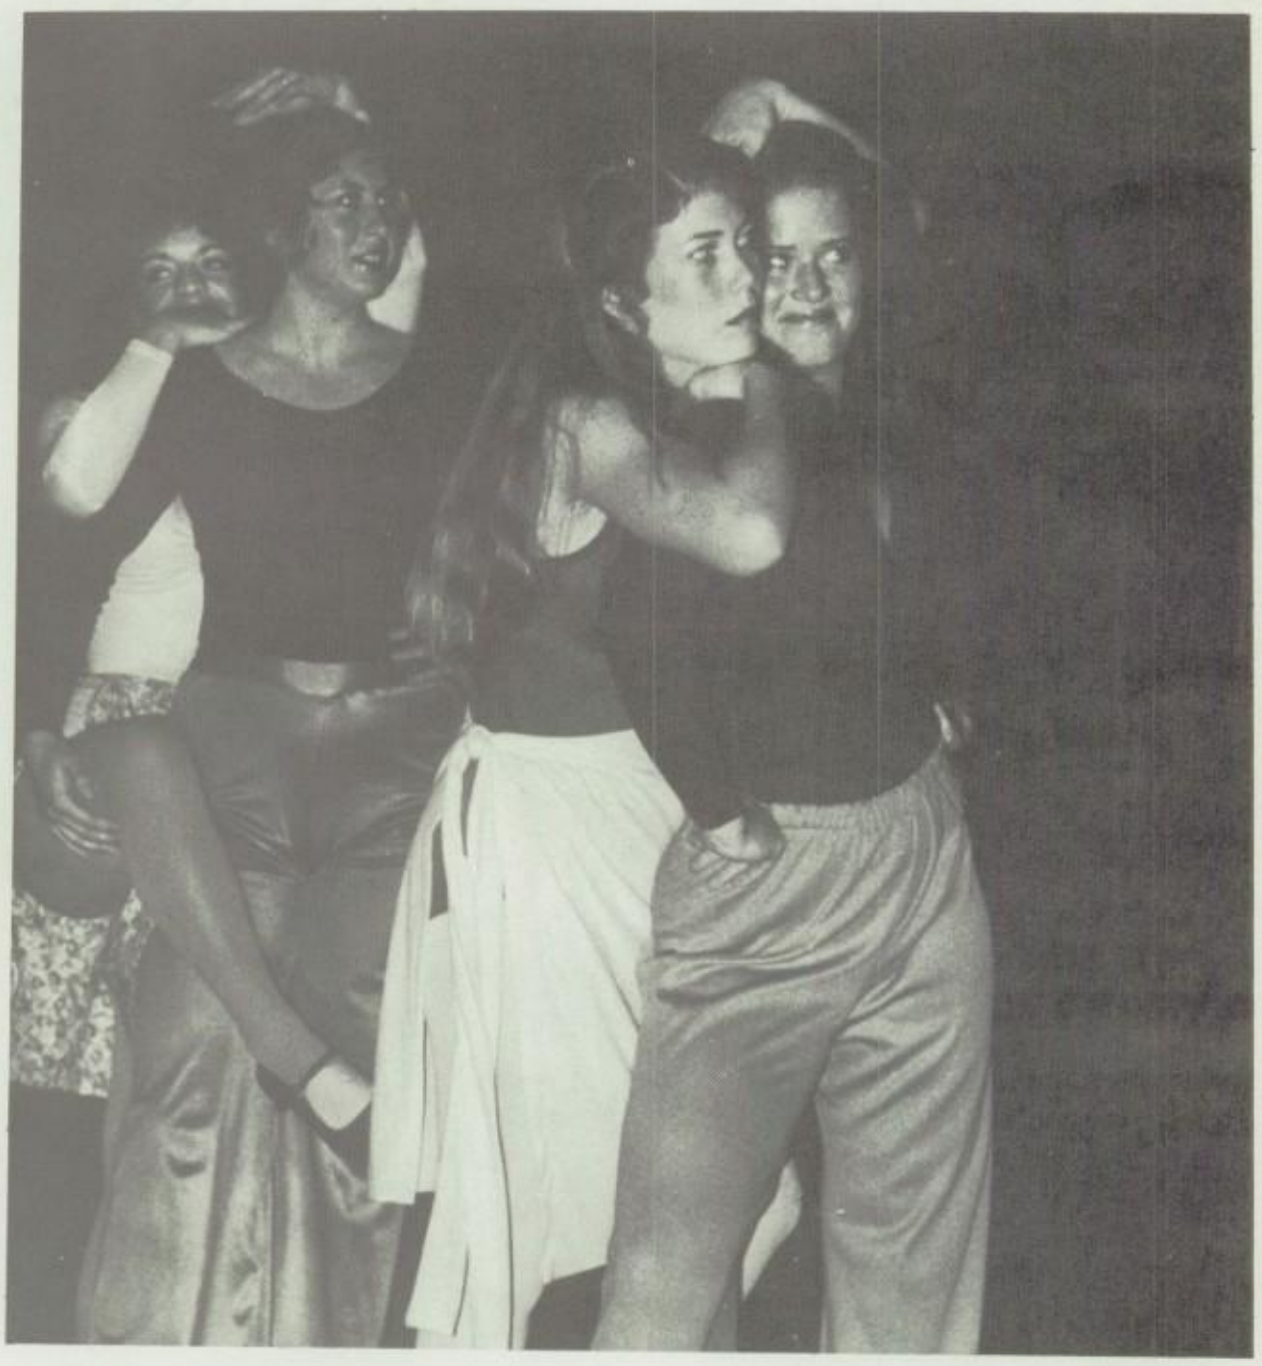
# Hard work pays off

Participants for the 1980 dance concert had to audition to be in advanced dance class, and worked for six weeks preparing for the show, not including the time spent choreographing the dances. Under the guidance of Jane Rattmann, the show went off without trouble. The theme was "Popular Musicals." This included songs from Westside Story, The Wiz, The Music Man, Grease, Cabaret and other great musicals



**Carrie Woods** and Liz Smith portray characters from the Broadway musical "The Wiz."

**Susan Lannom** gets into it in one of her many dance sequences.



**Tamara Rivera.** Denise Landmeier, Carrie Woods and Liz Smith enjoy each other's company in the first number of the dance concert.

**Tracy Hall** gets her knee wrapped after being mangled by the junior center.

**Junior** runningback, Beth Anderson, takes a rough landing.

# Seniors win again

The 1980 Senior-Junior Powder Puff game was held February 28.

Once again the seniors proved their superiority by beating the juniors 8-6.

Although the juniors dominated the first half, scoring one touchdown, the seniors came back to take over the game and scored a touchdown and a two-point conversion. Brenda Alsobrook scored for the juniors and Marci Baker made the senior touchdown, with Susan Lannom scoring the extra two points.

**Laurie Brandt shakes** hands with Trac Hall as Shoshana Zatz's foot looks on.

Lunchtime topped the list of favorite subjects again this year. Students used fifth period for a wide variety of activities. Although many people chose to eat, many others slept, engaged in social activities, studied or just let their brains rest after a grueling four hours of overuse.

Every moment that we were together, something was learned from each other.
That knowledge of friendship became a permanent part of us.

Though our feelings will be different a year from now or ten years from now,
Our years of growth in friendship will remain
with us always.

If we had not been in each other's lives
We wouldn't be the persons we are today.
Nor, would we have grown in exactly the same way.

Since we have already touched each other
and affected each other's lives in so many ways,
We can never be toally removed from each other's thoughts and feelings.

Throughout the years we will have special memories of meaningful gifts of friendship each has received.

That much is certain . . . we know.

Martin,
It's been nice being your friend. You're a real sweet and cute guy. Throw some more parties!!! Have fun this summer and good like with the girls. See you around! Keep in touch! Love,

# Cougars champs 2nd year in row

The 1979 Cougar football team overcame a slow start and went on to tie San Marcos for the Avocado League Championship.

Coach Dennis Snyder, who has now captured the league title in each of his two years as head coach, said that through leadership and a lot of dedication, the team improved week after week. Again, however, the Cougars lost a hard-fought game to Lincoln High School in the CIF semi-finals, which kept them from attaining their dream, playing in the San Diego Stadium.

The team began the season by losing two non-league contests to Vista and Orange Glen, with scores of 28-7 and 24-14 respectively. From that point the Cougars turned things around. They opened their league schedule by beating San Pasqual, 20-6, and then suffered their only league loss to San Marcos by a score of 20-14. The team won its last four league games to tie the Knights for the championship.

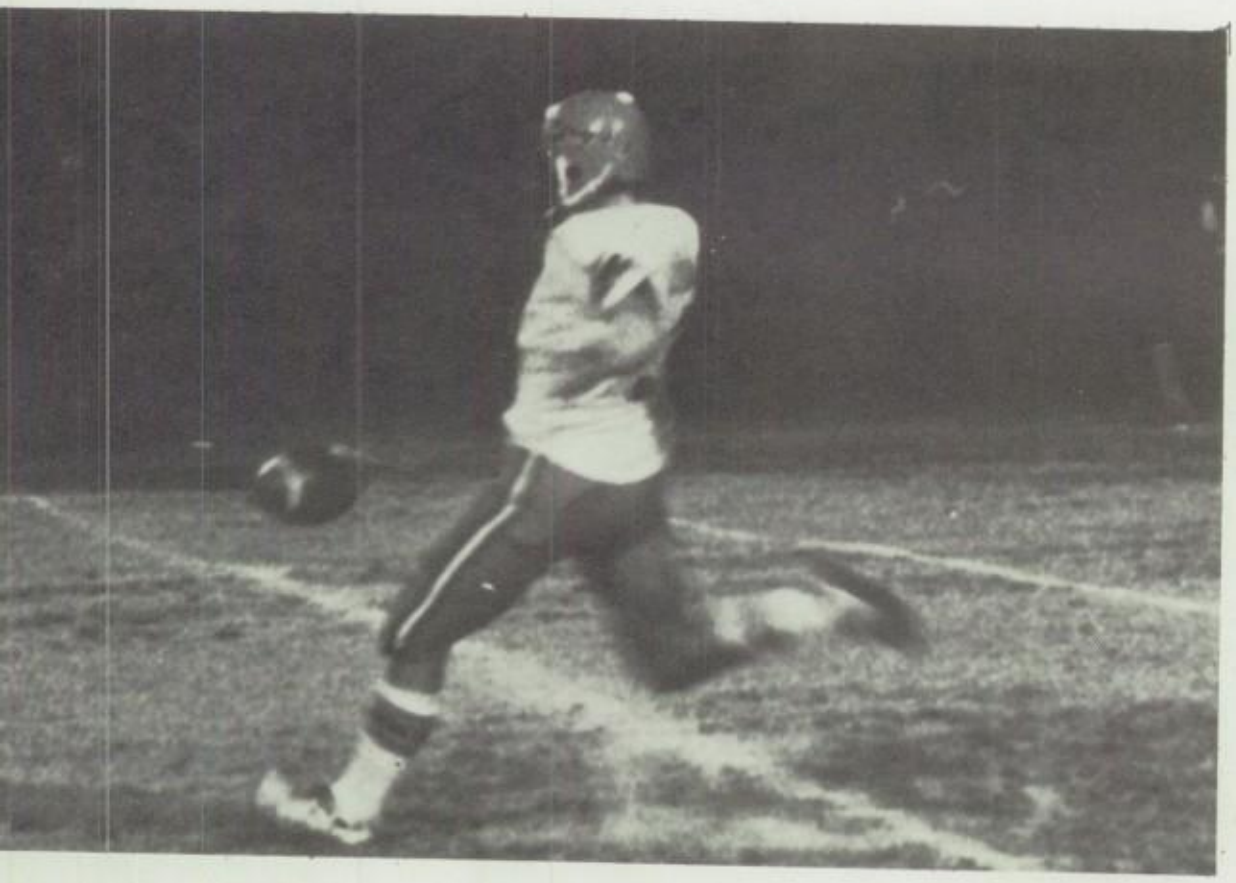
**Pete Arenas** blasts through the left side line.



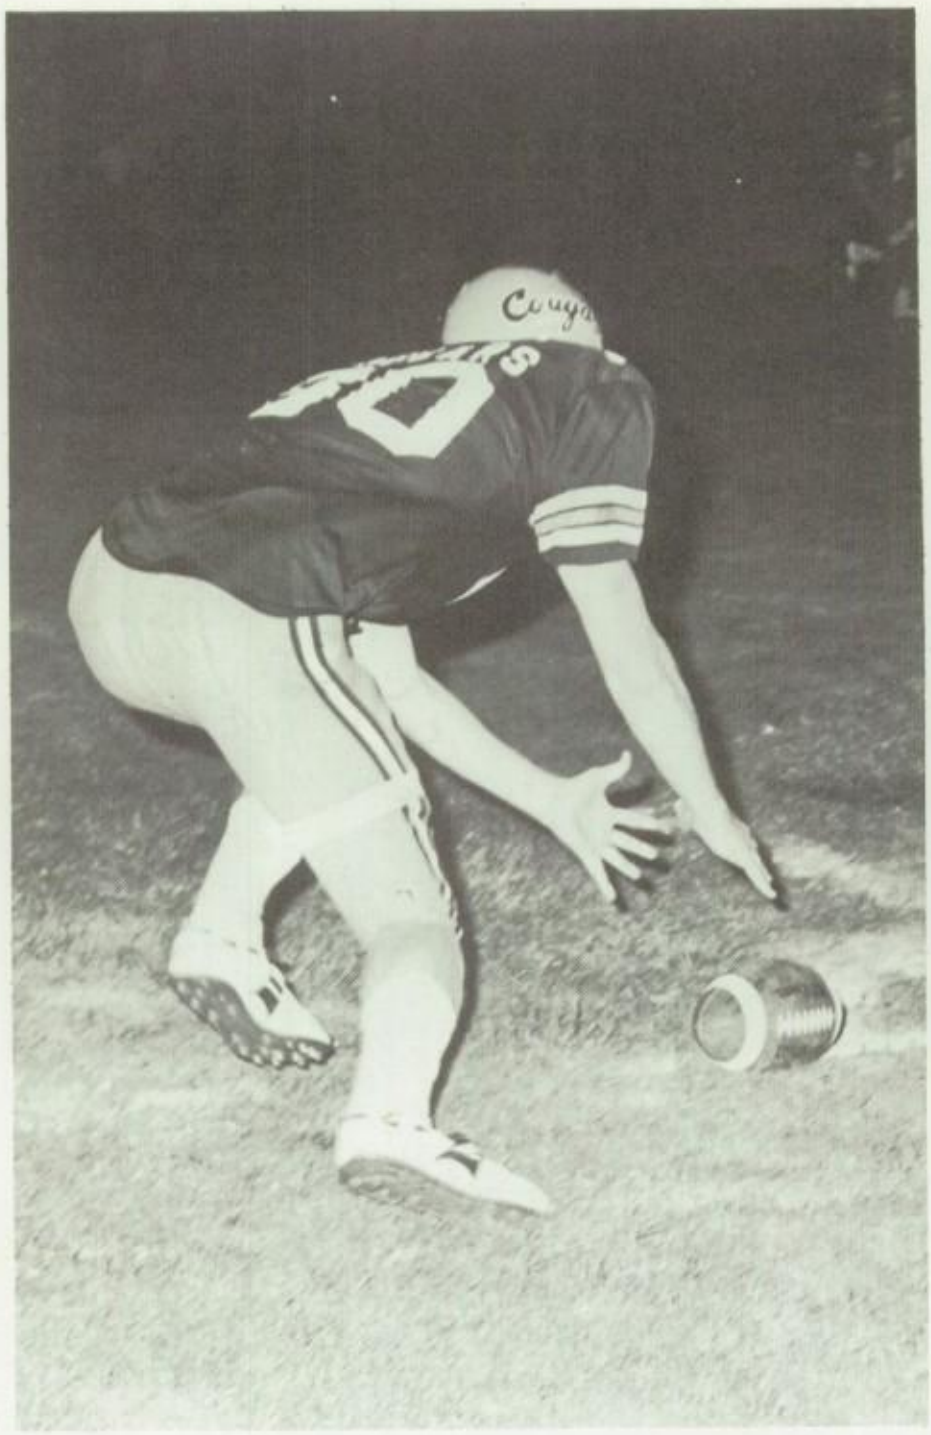
**on Bradford** punts the ball away during the Ramona game.

Because of their loss to San Marcos, the Cougars entered the CIF 2-A playoffs as the Avocado League's second place team and drew the Montgomery Aytecs as their first opponent.

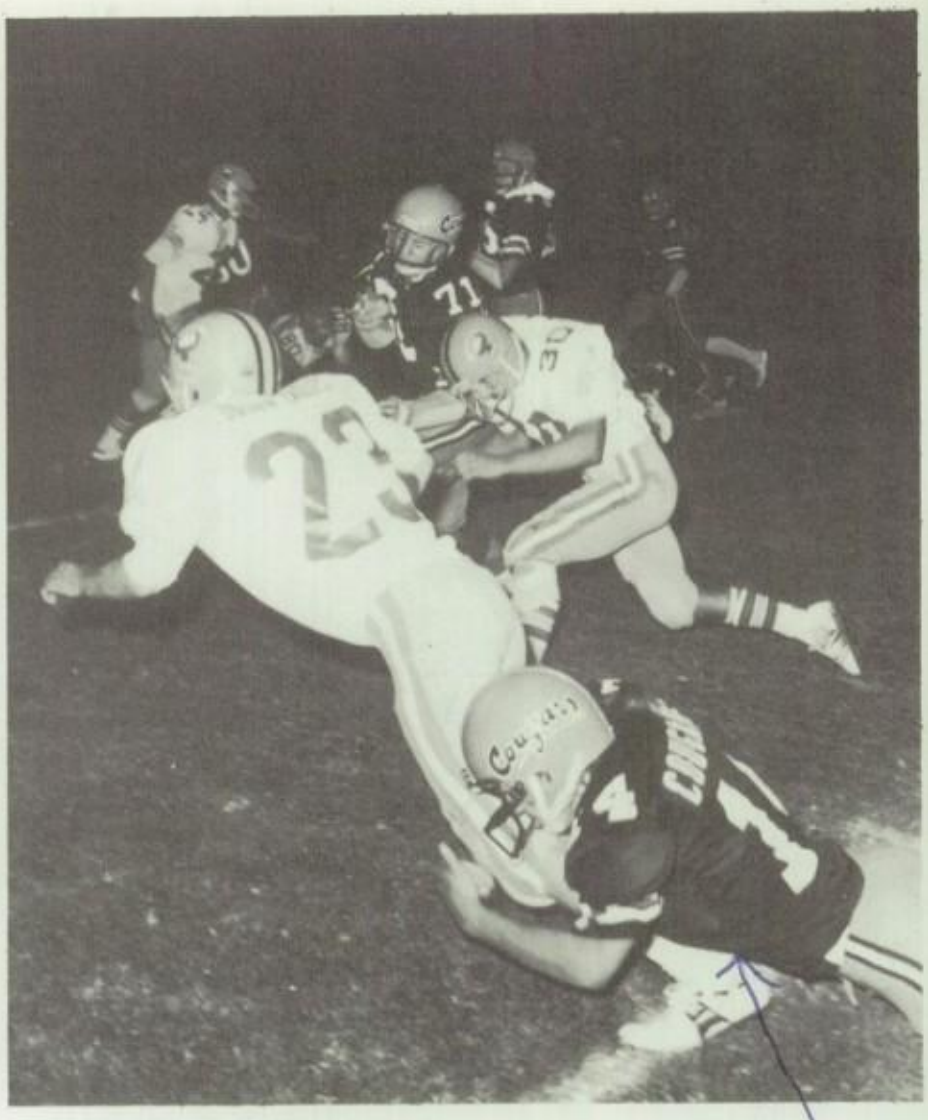
A defensive battle, the regulation game ended in a 7-7 tie. Because of an interception by senior defensive back Dave Ruscetta, the Cougars won by gaining more yards than Montgomery in a California tie-breaker and advanced to the semi-finals.

In the semi-final game against Lincoln, the Cmugars were tied at 7-7 going into the final quarter. A Lincoln touchdown in the last four minutes was enough to stop the Cougars at 15-7.

The Cougars were led by Ruscetta, who also doubled as the quarterback, and senior defensive end Ron Bradford. Ruscetta and Bradford were named most valuable players and co-captains of the team. Senior fullback Pete Arenas was selected most improved, and senior linebacker Frank Lopes was the most inspirational player.



**Paul Van Ostayen** demonstrates an offensive problem all year, another dropped pass.



**Senior Bill Walden** breaks another running play for a short gain.

The 1979 girls' tennis team finished Avocado League play in sixth place with a record of two wins and ten losses. Both of the teams' wins came against Ramona.

Sophomore Kathleen Lievers was voted most valuable player by her teammates. Seniors Cheryl Lochridge and Jo Ann Martinez were selected captains. Kelly Melsack received the 110 per cent award and Lori Smith was selected as the most improved player by Coach Dick Lievers.

The Cougars were represented in the CIF singles tournament by junior Colleen Prince and Kathleen Lievers.

Coach Lievers said that the biggest problem on this year's team was that many experienced players had jobs and missed some practices and matches.

At the end of the season the players who were returning next year voted to stress fundamentals and competitive play and decided that jobs shouldn't interfere with practices or matches.

Coach Lievers expected these decisions to be a big step toward improving the record of the team. Lievers will have many experienced players returning next year such as Colleen Prince, Kathleen Lievers and Joan Larson, who represented Escondido in the CIF doubles tournament.

The team will also get help from a strong junior varsity team which finished second in the Avocado League this year.

**Junior Varsity Tennis Team. Front Row:** Shiela Finneran, Linda Kenyon, Susan Hanson, Christine Hall, Brenda Alsobrook. **Row 2:** Laura Canfield, Norma Quon, Ruth Valdievia, Cici Vanpelt, Beth Clair. **Row 3:** Donna Tanana, Sherri Simmons, Mindy Stone, Rhonda Price, Dayna Matney, Lisa Grebisz.

The Cougar runners, who hadn't won a meet in four years, beat Oceanside and San Marcos to end the year with a 2-4 league record, 2-5 overall. The team was led by senior captain Randy Machen who finished fourteenth in the league finals, and sophomore Martin Quiroz, who was named most valuable

# Frosh get close second despite minor hang-ups

Coach Dave Turner was happy with his team this year. Even though they had some minor hang-ups such as poor defensive rebounding and excessive turnovers, they did capture second place, losing first by half a game, and finished with a 9-4 league record.

Their season was highlighted by two victories over a strong San Pasqual team. Turner also mentioned that the team was complimented on several occasions for their drive and spirit. Most valuable player was Mark Heintschel and the team captain was Eric Garcia. The award for most improved was shared by Sal Embry and Joe Shinnerl.

"We did better than I expected," said Coach Chesley Ross. The most improved player was Christi Pollero, despite having an injury. The most valuable players were Cindy Neiman, offense, and Shiela Finneran, defense. The team's main handicap was the fact that it had a lot of rookies, but Coach Ross expects a good returning team.

# Wrestlers meet their goals

Although the wrestling team did not make big waves in league play, they did meet all the goals they set for themselves at the beginning of the season. Those goals included finishing fourth in the league and sending five of their wrestlers to the CIF playoffs, Mike Torres, Arlin Travis, and Raul Lizalde. Mike Torres was also the most valuable player and captain.

Coach Dwight Shirley said that he was really excited about the coming season because it will have seven veterans from this year's team.

# Tennis enters internationals

Boys' tennis had an international first when they played the Mazatlan All-stars, a team made up of the best players from six schools in Mazathlan, Mexico. The team stayed in our team members' homes for the weekend while the match was played. The Cougars won the match but both teams enjoyed the experience and plan on making it an annual affair.

As for the season, the Cougars finally had a full complement of varsity quality players. "In the past we've only had four or five real varsity tennis players, but this year all 10 of the guys played on varsity level. That depth will really be an asset," said Coach Dick Lievers. The team was led by senior Todd Hondo, also the second year captain Ben Sullegsen.

# Swim team has tough season

The swim team coached by Jim Stone, didn't have a very good season. After losing their first five meets they had little chance of pulling ahead.

"Even though we haven't done so well I think we still have a chance of a few wins, we have a few pretty good swimmers," commented Doug Whiting, a varsity player.

Standouts were Brian Avery, Keith Good, Dave Houser and Dawnita Arnold.

**Char Igo** scores two.

**Coach Dale Cornelius** instructs the girls during a time out.

# Basketball gets first win

The Girls' basketball team was hindered at the beginning of the season by a bubbled gym floor. They had to move outside for practices until they located another place to play. Aside from that, Coach Dale Cornelius was looking pretty optimistic at the season ahead:

"I don't know what to expect, this being my first year, but we've got some pretty good ball handlers."

The only complaint was that there was a lack of height, which can't be helped, and a lack of aggression over all. Standouts were Char Igo, who average 20 points per game at the start of the season, Brenda Alsobrook, a good all-round player, and Laurie Brandt.

**Debbie Broomell** shows her form.

# Junior Class

The Class of 1981, the juniors, showed tremendous amounts of spirit with an additional flare for off-the-wall antics.

Junior Class officers Rob Lamme, Liz Smith, Gabe Apodaca and Tracy Hall, planned the Junior-Senior Prom and raised extra money through dances and raffles.

The class also made substantial contributions to football, basketball, soccer, baseball, field hockey and many other sports.

Speaking of his class, Lamme said, "We had more spirit, more enthusiasm, and more continuity than any other class. Basically, the Class of 1981 is AWESOME!"

# Sophomore Class

Sophomores experienced a new kind of freedom as they enrolled in drivers training. The course consisted of two weeks of behind-the-wheel driving which fabled the student either to get a learners permit or a drivers license.

Another exciting experience was for the sophomore girls who were able to try out for varsity cheerleading or varsity mascot instead of junior varsity.

Activity was an everyday occurrence for the members of the Future Farmers of America. A trip to Disneyland, a day-long petting zoo, leadership training camps, fairs and field days were some of the many activities that students participated in over the past year.

Club officers met in the leadership training camps where they elected officers and participated in group discussions. The best organized conference was the Southern California leadership conference where regional, state and national officers gathered to understand the basic qualities of leadership.

Fairs became important too, as animals were judged in marketing, breeding and showmanship. All chapters competed with 4-H club members. additional judging of animals, agricultural products and horticulture took place during field days by teams of members who wore the club jackets with pride.

These activities were topped off with work days during which members cleaned, repaired and painted the school farm.

This active year was topped off with a parent- son and daughter banquet where the members were recognized by scholarships, awards and good words for an eventful year.

# THE WAY TO GO!

Four years ago, you took on a job.

You knew it wouldn't be easy. It wasn't. But you did it; you completed the course—and earned the praise you are getting now.

We congratulate you. That's the way to go!

But now you step ahead: more education, the beginning of a career, and the full responsibilities of citizenship.

That's the way to go, too—and you'll make it. You have our confidence and best wishes; you are the great Class of 1980!

## *Class of 1980*

Martin,
Well although I didn't have any classes with you and I didn't see you much, I still think you are one-helluva-guy. Always remember that I am your friend through anything and you can always talk to me and I won't tell a soul because after all I like you and don't want do see you hurt by some stupid gossip! So don't forget about me over the summer or next year! I'll be pretty mad if you do.

Love always,
Bianna

P.S. Don't play with guns anymore, please for me!

# Photo Staff: *one super star after another*

*Rather than thank this year's hotographers in the same old reary, hurtin' way, we decided o let them thank themselves in heir own dreary, hurtin' way by howing you the faces behind he camaras and behind the cenes.*

*Presenting the people that hotographers like to take pic- ures of best.....themselves.*

*Leading off this year's staff, robably the best in EHS history, as led (and quite admirably at hat) by photo editor extrodinaire nd water sport enthusiast Dan atz. Batting second in this ear's lineup was that creative ersonality we all know and love, hose fantastic ac- omplishments include Cougar" editor, "Gong" section editor, camara wars originator, and taker of some of the best damn pictures you'll ever see, Michael Quinn.*

*Next in our illustrious group is EHS's own roving lover, lady killer, and athletic superstar, Matt "Mud" Heintschel.*

*Hitting cleanup is off the wall senior, swimming photographer, and underwater basket weaver Keith Good.*

*Up fifth is Jennifer Stevenson, who, in our opinion, is wasting her time taking pictures of models, when she could be one herself.*

*Next is the phantom photographer, EHS graduate, and posseser of the largest collection of gorgeous girl pictures in the world, Bob Segel.*

*Coming up last, but not least, is darkroom magician, developing genius, and all-around versatile person, Hilda Flores.*

*Coaching this group of mental giants was the irrepressable, vibrant, eager, enthusiastic, and quite helpful Gary Sadnick.*

*Also donating much to the cause were these fine, upstanding young men and women: Neal Steinbeck, Jamie Longoria, Steve Kinder, Danielle Simmons, Kamie Marshall, Beth Hill, The Times-Advocate, and all photo classes.*

*Once again, thanks!*

# Afterthought

When I first got the job of yearbook editor, I thought that I had a pretty important position. But about three weeks into the year something happened that showed me what was really important.

One of my best friends, who was also my sister's boyfriend, was killed in an automobile accident with two other boys. His name was Jon Wowkanin, and few people at this school knew him, but I did, and that is all that matters. Knowing him made me a better person. Now that he is gone there are thousands of things that I wish I could have done with him and for him. Because of this I want to dedicate the work I've done on this yearbook to him. Dedicating work on a yearbook is unfortunately small when placed next to such a special person, but it's something I want to do.

I'd like to thank Michael, Mark, Dan, Matt, Dawn, Shoshana, and Danielle for not only being good workers, but also good friends.
